

JUDI PICKELL—Four-year seat

The population of Utah County is burgeoning and this growth is creating challenges for our community. Together, we can ensure we are prepared and planning well in advance for the inevitable impacts of this growth. I will seek to bring more voices, more involvement, and more talents together as we work toward our goals.

I am a professional city planner with years of municipal and private planning experience. I have worked continuously and creatively in Alpine to share my skills and passion to build a strong community.

I have shown this commitment by developing Alpine's Main Street Design Standards, serving on the Alpine Planning Commission, forming the Alpine Business Association, establishing and managing the Main Street Trick or Treat tradition, helping the Commit To The Limit cause, and as Alpine Days Parade Chair.

Presently, I serve at my children's schools, church responsibilities, and as a Utah County Planning Commissioner. I am currently the Executive Director of the American Planning Association, Utah Chapter, and the Utah School Counselor Association.

When I'm not volunteering or working, you'll find me throwing a Frisbee for my schnauzer Coco, or exploring new destinations with my amazing husband Vaughn and awesome sons, James and Charlie.
