

JASON THELIN—Two-year seat

I am an avid user and protector of Alpine's fantastic parks and trail system. Vanessa and I have raised our 5 children here and feel blessed to live in this community and have worked to give back when possible. I have been on the City Council for the last two years and prior to that, I worked 12 years on the Planning Commission. A highlight for me was being able to support and help create the new Creekside Park.

I have also volunteered to run Alpine Days three times, twice as Co-Chair and one as Chairman and organized individual Alpine Day's events like Movie Under the Tent (2008), the Rodeo (2009), and the 5k Run (2019).

After graduating from BYU, I co-founded a technology company and, for a time, ran it out of an office on Main Street which gave me better understanding of the challenges of running a business in Alpine. I also built a home and commercial building in Alpine which gave me a better understanding of how the city's laws, regulations and codes were implemented.

Alpine is filled with strong neighborhoods consisting of very capable individuals and I look forward to working with you to keep Alpine the awesome city it is!
