or drop them off before **March 23<sup>rd</sup>** at:

Iron County Extension Office at 585 North Main Street, Suite 5 in Cedar City.

A pick-up reminder will be sent the beginning of April.

**Please visit [www.extension.usu.edu/ironmg](http://www.extension.usu.edu/ironmg) for tree descriptions and pictures.**

# 2018 CONSERVATION TREE PROGRAM

Sponsored by your local Conservation Districts  
Serving Beaver, Garfield, Iron, Kane and Washington Counties

## THE STOCK

We offer bare root seedlings which come in a variety of species and sizes (see back for details) and are adaptable to a wide variety of environmental conditions in our area. The stock is all "Grade A" quality and is packaged to ensure the best possible pre-planting handling conditions.

**Because we have no control over the handling of plants after distribution to customers, we cannot guarantee the survival of the stock after planting.**

Stock supplies are limited, so orders are filled on a first-come, first-served basis and late orders may not be filled as requested.

Trees and shrubs will be available for pick-up on April 13, 2018 at the Diamond Z Arena in Cedar City. **Additional pick up sites are available in Panguitch and Beaver, call for more information.**

## THE PURPOSE

Plantings are generally intended to address conservation goals such as livestock protection, wildlife habitat, energy conservation and wind control. However, there are no restrictions on use. Windbreaks and shelter belts are excellent uses of these plants.

## THE COST

The prices range from \$5.00- \$6.00 per plant (see reverse side for specific prices.)

In order to target conservation purposes such as windbreaks and shelter belts, **plants must be ordered in multiples of five of each individual species.** On the day of distribution to customers, (April 13) all extra trees will be sold. These trees will not need to be purchased in multiples of 5.

Also, payment in the form of check or cash must be received in order for us to secure the stock you request. **A returned check fee of \$25 will be charged for all checks returned unpaid.**

## ABOUT OUR TREE PROGRAM

The profits from this program go back to our 7 local conservation districts who address locally led conservation projects and issues in our communities and watersheds, including education and scholarship sponsorship for our local students. For more information on the conservation districts, please visit [www.uacd.org](http://www.uacd.org)
