Title: Bridge Engineering Intern (Summer 2019)

Forsgren Job ID: BOI-Intern-040519

Location(s): Boise, Idaho

Employment Type: Temporary / Intern

Position Overview:

Building on our 56-year legacy and established presence throughout the western US, Forsgren Associates is experiencing steady growth. We are seeking qualified students for a summer internship with our bridge design group. Qualified students would be either Junior or Senior level students and have their base structural design courses complete. As an intern, you will have the opportunity to gain valuable experience while assisting engineers with structural calculations, preparation of plan details, estimating quantities, preparation of cost estimates and other related engineering work. The position is anticipated to last for 13-15 weeks (start after the Spring 2019 semester ends and continue until the start of the Fall semester).

Duties and Responsibilities:

- Perform assignments designed to develop knowledge and abilities of structural bridge engineering techniques and procedures.
- Establish and maintain effective working relationships and work in a team environment.

The above job description is not intended to be, nor should it be construed as, exhaustive of all responsibilities, skills or competencies associated with this job.

Minimum Qualifications:

- Junior or Senior level Civil/Structural Engineering students with their base structural design courses completed.
- Completion of advanced structural courses (Concrete Design, Steel Design, Timber Design, etc.) are a plus!
- Must be detailed oriented.

Company Overview:

Forsgren Associates is an employee-owned, multi-discipline civil engineering and environmental consulting firm that provides planning, permitting, design, and construction management services for infrastructure improvement projects. Since 1962, we have been promoting responsible development by protecting and enhancing civil infrastructure... cost-effectively, promptly, and sustainably. As a result, over the past 56 years we have grown steadily to over 130 employees in 16 offices across 10 states. As we serve our growing list of clients throughout the western U.S., we continue to grow as a company. Join us. We are committed to engineering stronger communities. www.Forsgren.com
