Title: Division Manager / Senior Civil Engineer

Forsgren Job ID: SLC-PE15-021619

Location(s): Salt Lake City, UT

Employment Type: Full-time / Exempt

Position Overview:

Building on our 57-year legacy and established presence throughout the western US, Forsgren Associates is experiencing steady growth. We are seeking a talented and motivated individual with an entrepreneurial spirit to lead and continue to grow our Salt Lake City-based practice. This opportunity is perfect for a career-minded person who has an enthusiastic and energetic attitude toward solving engineering problems; seeks meaningful ownership in reward for their success; and takes pride in their ability to provide exemplary service to clients.

The ideal candidate will lead a team of professionals who plan, design project concepts, and permit for a variety of initiatives for municipalities, special districts, utilities, and private companies primarily in Utah and extending throughout the United States.

Duties and Responsibilities:

- Take the lead for the refinement and implementation of the firm's strategy, business growth plan, and day-to-day operations of our regional office to achieve overall corporate objectives and ensure profitability
- Manage financial aspects of regional work and monitor cost analysis activities
- Implement and remain accountable for policies, procedures, and organizational structure as established by the executive team
- Maintain an effective regional business development program including identifying and proactively pursuing new business opportunities through networking, proposal preparation, and client presentations
- Strengthen existing client relationships with technical and business solutions that integrate innovative approaches, value, and risk management
- Develop collaborative and productive relationships inspiring those around you
- Provide technical guidance and quality control, ensure sound engineering practices, ensure proper allocation of manpower and timely performance on regional projects
- Grow the regional office talent base to strengthen our presence, service offerings, and productivity with clients

The above job description is not intended to be, nor should it be construed as, exhaustive of all responsibilities, skills or competencies associated with this job.

Minimum Qualifications:

- B.S. in Civil Engineering (or related field)
- Professional Engineer (PE) registration in Utah (or have the ability to obtain such a license within three months)

- 15 years of civil engineering experience
- Proficient in project administration
- Knowledge of industry accounting systems
- Ability to attract and retain top talent
- Strong verbal and written communication skills including the ability to write and review contracts
- Ability to successfully supervise the management of multiple, long-term client relationships
- A successful track record of business development, marketing, and best business practices
- Demonstrated ability to lead and inspire those around you

Benefits:

Forsgren Associates offers a competitive compensation and benefits package as well as the additional benefits of being an employee-owned company and sharing in the company's success. We respect the personal needs of our employees, and actively promote a healthy work / life balance. Empowering our team members to succeed, we reward them for their success.
