Page 9 – Company Project Work Experience of Similar Use, Size and Budget - The project descriptor is changed to “tank”

8. Company Project Work Experience of Similar Use, Size and Budget:

Present information on similar public drinking water tank projects completed by the Contractor in the past 10 years. Projects listed should demonstrate experience in the construction of projects that meet the minimum requirements listed for this project (see subsequent section for number and requirements of various project types). Include the following information for each project listed:

- Name of project
- Owner (include reference and phone number)
- Engineer (include reference and phone number)
- Dates of project completion
- Total Construction Cost
- Total of Change Orders (identify Owner requested Change Orders)
- Dollar value of work performed
- Pipe Size, Depths, and Material
- Completed within time allowed? (if no, explain)
- Were any claims or disputes filed? (If yes, explain).

This Addendum shall be incorporated into and made part of the General Contractor Prequalification Documents.
