

Freetown Recreation Center

Sport Court Carolina transformed this indoor gym into an all-around activity center with a multi-sport game court surface. You can play Basketball, Volleyball, or Pickle ball on one of the two courts. We installed Response Maple Select with Pearl Graphite Boarders. This court is one of 5 recreation centers in Greenville County, SC with Sport Court Response.

Points of interest

The transformation provides the ability to play three different sports (basketball, volleyball and pickle ball) on just one Indoor Court. The old surface was installed in 1998 upgrade performed in 2018 (20 years)
