The 50 legendary NEOGEO titles pre-installed in MVSX The MVSX Home Arcade will include 50 legendary and popular titles from various NEOGEO series such as The King of Fighters, Fatal Fury, SAMURAI SHODOWN and METAL SLUG. Remake classic NEOGEO MVS with 17 inch display The design of the MVSX Home Arcade is based on the nostalgic NEEGO MVS arcade and will include 2 sets of joysticks and buttons, stereo speakers and a 17-inch display. Enjoy all the classic arcade games with your friends again! The size and panel fits perfectly for 2 players The size and panel is ideal for 2 players, but not too large (W19.4 inch x D15.4 inch x H25.0 inches) as it uses the classic MVS joystick and configuration button. MVS and AES modes supported in MVSX There is an AES/MVS switch in the settings menu that allows you to play either arcade or home versions of any game. The pixel game image and scan line support MVSX has a 1280x1024 LCD screen, and we have pixels to pixel scale to rhyme the perfect pixel style of image game image, and we also support a scan line to emulate the old CRT image. To make a full size arcade with MVS style base We have a standalone MVS style base for MVSX Home Arcade. The height is 32 inches making an attached unit and base almost 5 foot tall arcade unit. Hi.
