Skyland stadium nj christmas

Skylands Stadium is a major entertainment venue in North Jersey, home to the Sussex County Miners, frontier league (an official partner league of the MLB). In addition to the Light Show, we host our annual Jack-O-Lantern experience from late September to mid-November. Food Truck & Craft Beer Festival in autumn and spring. Along with concerts, stunt shows and other shopping tickets Trying to find fun things to do with children during the pandemic is tricky, especially when the seasons change, but Christmas light shows are coming to the rescue. There are tons of drive-thru options ranging from elaborate home displays to large-scale professional extravaganzas nearby. While some of these light shows are newcomers, the Skylands Stadium Christmas Light Show in Augusta, New Jersey, is a long-lasting drive-thru display that's already deep in its 2020 run. With over 2 million twinkling lights and some interactive outdoor elements, we had to check it out for ourselves. Read on for our full review of the Skylands Stadium Christmas Light Show and find safer seasonal fun in our New Jersey Family Holiday Guide. Editor's Note: While we are trying to promote safer activities that take place outdoors or with social distancing guidelines in place, please protect your family and others by always wearing a mask and practicing social distancing. If you get to an event that looks too crowded, try using the nearby search feature in our event calendar to find something else to do. Visitors to the Skylands Stadium Christmas Light Show receive a warm illuminated welcome upon arrival. This year, the Skylands Stadium Christmas Light Show consists of three segments: a drive-thru of Christmas lights, an outdoor village, and a winter carnival, though the main attraction is the mile-long drive-thru road enclosed in illuminated Christmas images that curve and wind past and below and through countless lights, even bringing spectators to the stadium's court for a leg of the journey. The light show displays are mostly simple 2D-style holiday-shaped characters. Expect to see lots of Santa Claus, elves, reindeer, candy sticks, snowmen, and more. Some are animated, allowing visitors to witness elves helping Santa Claus in his workshop or watch reindeer jump into the air. RELATED: Holiday Lights Drive-Thrus Near New York for Christmas 2020 Grab kids, charge your car and let holiday magic fill your night! In at least three places, twinkling, flashing lights create for the cars to cross, which, along with the many trains, were the most exciting aspects of the journey for my child, who enjoyed watching them shimmy and dancing through the sun. You might want to slow down when you pass the North Pole Police Department cruiser! The exhibition gives an idea of other seasonal celebrations of the cultural holidays, with a great Navidad sign (it was fun to explain to my son what it meant), and a star of David and a menorah for Hanukkah. Don't expect to see the variety of decorations and creativity, per se, of ornate home light shows, but what this show lacks in variety, it does in the number of lights, with its enticing tunnels of light and vast, sprawling layout. RELATED: Where to take safe photos of Santa Claus in New Jersey in 2020 A trio of snowmen sing with animated faces serene visitors to the Outdoor Village at the Skylands Stadium Christmas Light Show. Author photo Once you've covered the drive-thru route, you can park your car and visit the Outdoor Village. Admission is included in the ticket price. Here you'll find an outdoor gallery with food stalls, photos with Santa Claus, and seasonal backdrops, as well as decorating socks and even an area to do some mining - a time coach at Sussex County Miners, the professional baseball team that calls Skylands Stadium home. The snowmen singing with their faces projected on them were a unique and entertaining sight. There was plenty of space for social distance, and the whole village takes place outdoors except for toilets and food stalls. Finally, a Winter Carnival is located on the edge of the village. It offers fair-style rides such as children's cars, a carousel, a Ferris wheel and irresistible fried Oreos, among other delicacies. Again, there was plenty of room to stretch as the entire carnival turned and turned out. Please note: Tickets cost \$1.50 each, and each ride requires 4 tickets per person. RELATED: Christmas events not to do and Drive-Thrus Christmas lights at NJ in 2020 Enjoy a ride on children's rides at winter Carnival after your drive-thru light show, but beware: Carnival fun costs more. Author's photo While the drive-thru part of the event felt completely safe during the pandemic, the Outdoor Village and Winter Carnival are with a bit of caution. The night we visited, it was rainy and in the early evening, and yet, there were dozens of families present at the Outdoor Village, and I could see from the line of cars meandering through the light show that were going to be many more. Some attendees wore masks, but many others chose not to despite CDC recommendations and a New Jersey state mandate that required masks in outdoor public spaces where social distancing cannot be maintained. I've seen some low-key signage encourage its use, but no one has enforced it. The takeaway message is that while the drive-thru feels safe, the Outdoor Village and Carnival could pose a risk of exposure, even if both are outdoor events. It is recommended to use face masks, maintain social distance, pack a lot of hand sanit and use the bathroom at home before the show. One last word of caution: dress for the time. The Skylands Stadium Christmas Light Show is a rain or sun event. Le Le Christmas Light Show is presented every night until Sunday, January 3, 2021, although it is closed on Christmas Eve, Christmas Day, New Year's Eve and New Year's Eve. Timed admission tickets cost \$29 and can be booked online. Skylands Stadium is located in Sussex County, northwest New Jersey. If you're traveling from the city, it's about an hour and 20-minute drive from Midtown Manhattan. An earlier version of this story was published in 2016. It has been updated for 2020.
