Ranking mejores arcades

1 Willow is an adaptation of a fantastic magic and sword film of the same name in the form of arcade action platforms Capcom. 8 2 Marvel Super Heroes vs Street Fighter is an action-fighting game from Capcom that pits the characters in the Street Fighter and Marvel universe against each other in a crossover that reached arcade parlors in 1997 to make the leap between Saturn and PlayStation in 1998 and 1999 respectively. 8 3 Tumblepop is an arcade action platform in Data East where up to two players can work together to clean successive levels of ghosts from their special vacuum cleaners. 7 5 4 Mortal Kombat II, developed and edited by Midway for arcade machines, is a sequel to the acclaimed and violent martial law Mortal Kombat, contributing to the small improvements of its gaming games and, among other things, the introduction of iconic new fighters such as Kung Lao, Baraka and Shao Kahn. 7 5 5 Taito developed elevator action comeback is a side-scrolling action platform for arcade, sequel to the 1980s. 7 6 We are old to the city of Springfield to take control of the Simpsons family in this arcade 7 arcade game of side-scrolling, where we take on the role of ninja Joe Musashi to save our group of 8 Pokkén Tournament students, developed by Namco Bandai Games arcade machines and Wii U, is an action-starring title to Pokémon. It is directed by Katushiro Harada, director of the Tekken series, and Masaaki Hoshino, producer of the SoulCalibur series. 7 8 9 Chousoku Henkei Gyrozetter is an action arcade game developed by Rocket Studio square Enix, where a series of vehicles are converted into robots to overcome missions. Exclusive arcade machines are removed to be released on Xbox 360 and PlayStation 3. Use the Unreal Engine 3 graphics engine. 10 Mortal Kombat II, developed and edited by Midway for arcade machines, is a sequel to the acclaimed and violent action-fighting title Mortal Kombat, betting on small improvements in its gameplay and introducing iconic new fighters such as Kung Lao, Baraka and Shao Kahn, among others. 7 5 11 BlazBlue: Chrono Phantasma is the latest installment in the Arc System Works 1vs1 fighting saga. Includes three new characters (Amane Nishiki, Bullet and Azrael), new background, music and character skills. 8 8 12 SNK won its big fight saga here, bringing some of its most classic characters and making them participating in a team fighting tournament that has remained in force ever since. 13 Extension street fighter II, which adds new players: Cammy, Dee Jay, Fei Long and T-Hawk Pokémon GO: 41 free items in this code [December 2020] Free Fire Weekly Agenda from December 23-29: Magic Roulette, Sphere Loading and more Where to Buy PS5, TTDV, MediaMarkt, Fnac, Amazon, Game, English Court and more Steam Deals: 10 great games for less than 1 euro This is a completely broken game! Cyberpunk 2077 series that sums up all the controversy among us: how to play and download free PC (Windows) and Mac Simulator Jesus Christ I'm Jesus wishes us a merry Christmas Mandalorian: Jon Favreau reveals who shot an emotional cameo at the end of season 2 Update PS5: a warning message if you are going to play a version of PS4 ps5 All premieres for Christmas , HBO, Movistar+, Prime Video, Disney + More news All video games , we've lived in different stages, but no doubt one of the most fun was that arcade, where probably more than one spent a lot of money and couldn't finish the title in front of him. Here we leave you a list of 15 best games in the genre: 1. Metal slug in simple game mode, various items and lots of barbeds to save, Metal Slug is one of the most representative games in the genre where up to four people could join the fight. You could say that there is a pre and after title because it was one of the first franchises to start peeling against zombies, giant squid and aliens within the same game. By the way, good 21st-2st. Simpsons Simpsons Arcade is a clear example of how a TV franchise can best reach video games, get fans and people outside the series to invest a lot of coins with the intention of saving Maggie. Doesn't anybody here shoot a balloon after every level? 3. The King of Fighters 98 King of Fighters is one of the franchises that has remained in people's tastes over the years, to the point that developers continue to remaster this 1998 classic. No doubt we all have someone who remains upset after defeat in this title. 4th Street Fighter 2 As King of Fighters, the Street Fighter franchise has continued its legacy so far, but the epic battles that might have had its own arcade version are still remembered. It was so successful that the switch version arrives very quickly. Hadouken, can you hear me? 5. Teenage Mutant Ninja Turtles: Arcade Game It was one of the first installments to make our dreams come true, as many, ninja turtles became more than a TV show, so being able to take control of their fight against crime was definitely an unimaginable experience. Does anyone miss Donatello, Miguel Angel and Raphael? 6th Snow Bros. Another 90s classic was definitely Snow Bros, where Nick and Tom came face to face with 50 levels to save princesses. No doubt it was a title that required a lot of skill because it wasn't easy to lock the villains on snowballs and then beat them. Did someone finish it? 7. 1942 No doubt this is one of Capcom's most addictive games, in addition to one of the oldest - the original 1984 - which had to cause frustration among all users, after being knocked down by an easy-to-bullet Dodge. So far, we're upset about the title. 8. Sunset Riders Sunset Riders came to the consoles to make us feel like a real Old West bounty hunter, all and poncho included. But we still remember its rude difficulties, and we feel like we're playing it. 9. X-Men Arcade X-Men Arcade was a dream come true for every comic book fan, which is the first title to control the mutant family in this format. What was your favorite character? Wolverine, Cyclops, Coloss, Storm, The Night Crawler or the Dazzler? 10. Tekken After the trend of fighting games, tekken franchise has continued its path over time, coming to release 9 titles after the original arcade. We always take King and his sneakers into our hearts. 11. Wonder Boy Wonder Boy is the second most classic titles in the genre, which gave us control over the stylish guy who used his skateboard to transport himself. No doubt, it's just for the vain. 12th House of the Dead This game was for many, the first approach of first-person shooters, having to defeat terrible creatures on different levels. It's important to mention that it's possible that one of the headlines that made us pay out the most money because the story became addictive, but the fragility of the characters made us use more lives than usual. 13. Outrun Outrun is the reference point for almost every racing game we know today because it was one of the first to speed us through different scenarios, while facing constant traffic on the track. Get out of the way! 14th Golden Axe All fans of dragons and other mythological creatures will no doubt remember the Golden Axe and the annoying hammer giants that appeared in the game. Let's not forget the protagonist's war cry... 15th Double Dragon This is one of the most experienced games that most experienced users remember fondly because it allowed you to spend hours with your friends, defeating enemies in martial arts moves. Does anyone else remember And Jimmy Lee? This figure is a small tribute to one of the best games in history, Metal Slug, since its 21st anniversary. Happy Birthday! Fernando Farciert is editor of IGN Latin America. He is a faithful believer that machines will one day dominate the world. You can read it in @esemifar and I go through what was going to happen, finished three pairs of noses, there was a great participation and came up with a very juicy list of arcades. Tweet abrasion ...- Najera Retro (@NajeraRetrogame) July 15, 2019 The answer was like a bill for a freelancer, more ... Sales tax. (Hey, don't leave!) We have compiled all the games you carried in the Excel table (only those that were answered through the main tweet) by throwing a total of 626 games into the emptiness ... Playful games... Super games! Since these games we have read (I do not know why I speak plural when I have done it alone, but well that ...) repetitive games, and finally we have missed a nice list of 212 games. Direct responses to the tweet, 625 games, and count, 212 arcade games, ready to subscribe. The list of the best arcades according to TwitterTheos is the most rated Tuitera community that follows us @NajeraRetrogame, and we will take the opportunity to thank you for your participation... You're a stick! I owe you some olives and porrillo chopsticks. You can sort the list of times the game is mentioned or in alphabetical order, which gives you the most fury, pappharo. And now what? Like what now??? You're on vacation, so you download mame and you already have guaranteed entertainment (and nothing else to count on in the pool, you're sure to have them fried in your battalions)To enjoy them! Note: Links to longplays I have taken: VideoGame MirrorWord of LongplaysWith Five HardSAnd some others that fixed I leave. Don't be afraid to visit your channels and subscribe because they have a passport where there are many games of mythical arcades, filling them with a single coin. I'll add more until I complete the list (or not). Antonio Hermoso. Najerino is fond of casual machines, a publicist and web designer. Web.
