The app includes:- Ad ads for TabTale and some third parties Redirect users to our sites, apps or third-party sites- Social network links to connect with others while playing - the option to accept push notifications to inform you about exciting news (such as updates) – an age-gate (such as restricting behavioral advertising or information sharing) to prevent access to certain features for children's safety. For more information our Privacy Policy refers to: . Note that the three parties referred to are subject to their policies. For advertising display and reporting purposes, and for our Terms of Use: Policy: Email: WeCare@TabTale.com Warning: This game will ask you - the game is never too addictive, it's a world of darkness for small killers with shapes like you, and it's time for you to make it brighter and make it brighter, swing, jump, flip and slide your stickman from one neon shape to another. Make them shine and light, collect stars as you swing, jump and flip to increase your score in the funniest jumping game when you start to feel like owning a stickman and like that color glow; Things are complicated (or sticky if you want) as you jump, flip and pass the outpost. Color shapes begin to move, rotate and explode, and spikes become a threat to human life. Stickman? Ready to swing, jump, flip, light and shine in the talented jump game is already, about us, Crazy Labs is a casual gaming brand under which TabTale develops and publishes fun and interesting games, Crazy Labs is partnering with independent development studios around the world to create engaging mobile content for viewers of all ages.com.
