[2] Ninja Master's is the sixth and final fighting game produced by ADK, after four games in the World Heroes and Aggressors of Dark Combat series. It was later featured in a 2008 compilation of ADK Damashii for the PlayStation 2. Ninja Master's was also re-released on the Neo-Geo X handheld system in 2012,[3] and for the Virtual Console in 2013. [5] Gameplay screenshots show a match between Sasuke Sarutobi and Tenho. This part needs expansion. You can help by adding it. (January 2020) Ninja Master follows the conventions of many previous 2D fighting games released for Neo-Geo. [6] Players must defeat their opponents in battle in a series of best-of-three matches. Characters can change between using your character's weapon or fighting directly during mid-battle. Like the Art of Fighting series, Ninja Master's has super meters. Fighters Sasuke Sarutobi - the game's main hero. A ninja expert and traitor of his own ninja clan who seeks to avenge his father's death. Houoh - a skilled exorcist who is unsure of his own power. Goemon Ishikawa - a ninja thief whose goal is to collect the greatest treasures in Japan. Kamui - Sasuke's rival. An old acquaintance of Sasuke's, Kamui hopes to destroy him after Sasuke leaves the clan. Karasu - a serial killer and bodyguard obsessed with crows (Karasu means Raven in Japanese). Kasumi Kotenkenbu - a ninja student whose grandmother prevents her from pursuing Nobunaga. Natsume - an orphan who, after having a nightmare, attempts to kill Nobunaga. She reappeared in the hack of Sega's Streets of Rage 2 called Girls' Paradise. Oda Nobunaga - the final boss A tyrant brainwashed by a demon known as Haoh, Nobunaga set out to conquer the world. Raiga - famous famous gift whose mission is to defeat Goemon. Ranmaru Mumiyo Kagura - sub-boss of the game. An immortal and loyal servant to Nobunaga, Ranmaru attempts to defeat Haoh, who has Nobunaga. Tenho - an old Japanese man who was abandoned in Korea at birth. Kongourarahan Unzen - a former monk in search of the best aspects of life. Like various ADK games, SNK Playmore also revives characters from Ninja Master in the next release. Ninja Master's main character, Sasuke, appeared as an SNK character card in SNK vs. Capcom: Card Fighters DS. AC(Neo Geo) 53%[13]Neo Geo Freak(Arcade) 13/20[14] In Japan, Game Machine listed Ninja Master in the July 1, 1996 edition as the fourteenth most successful arcade game of the year, outperforming titles such as Neo Turf Masters and Striker 1945. [15] Including the Neo Geo AES version, the four Electronic Gaming Monthly reviewers offered some praise for the game's specific moves and ability to fight with or without weapons, but generally panicked Ninja Master due to its failure to distinguish itself from many of Neo Geo's previous battle games and for its outdated graphics, especially its small character sprites and lack of scaling. Shawn Smith and Ken Williams say that the mediocre game is surprising given SNK's history and \$150 price tag. [8] In contrast, a Next Generation critic found originality to be the game's greatest asset, arguing that although Ninja Master did not have the best balance and smoothness of Neo Geo fighting games, the ability to switch between weapons and handless combat in the middle of the fight added dramatically to the strategy. [9] In a retrospective review of Neo Geo AES's version, Kyle Knight of AllGame called him a pretty good fighter who could have done a lot more.
