Update in our adoption program: Adoption lists fill up very quickly each week, which we know has been frustrating for some of you. You. note that the lists fill up so quickly because of the huge demand, which far exceeds the number of animals available that we have at any given time. We are working tirelessly to bring in more homeless animals from across the state to continue saving lives while also trying to meet demand. We are also continuously working on our adoption process to make it as clear, fair and accessible as possible. Thank you for your patience and support during this time! In response to concerns surrounding COVID-19 and current rules of social distancing, our adoption process is now virtual, with the withdrawal of your new pet just by appointment. This new adoption process is in place for the security of our team and customers. Follow our easy steps to bring home a new pet to keep you company during this challenging time! 1. Sign up for a virtual appointment. An adoption advisor will contact you in 5-10 days by email to set up the video consultation schedule. 2. Get to know your game(s)! During your virtual video consultation, you'll be able to meet up to 3 animals you're interested in and learn more about them. As new animals are available daily, we recommend checking the list of animals available 30 minutes before the time of your consultation. 3. Let the experts help you! If you are ready to adopt, an adoption counselor will take you through more information on how to set your new pet to success, and help you complete all the paperwork and payment digitally. 4. Let's go home, buddy! At the end of your virtual consultation, your adoption counselor will set a time for you to pick up your pet at our Milpitas Animal Community Center (until the next business day). All animals must leave on a leash or on a secure aircraft carrier. You must wear a mask when you come to pick up your new friend. 5. Send us pictures! We'd love to see pictures of your new pet settling into your home. Boom! You just gave a cat, dog, rabbit or pet a home. Good for you, now go and get your hugs. Registration form for dogs and puppies: \*The registration list for adoption for dogs and puppies is currently full. We will reopen the form on Monday, 12/28 at 11am. Catch a kitten faster. By allowing our experienced adoption counselors to play your game for you (which include kittens not yet available on our website!), you'll skip the waiting list for virtual adoption appointments. That means you can have your new friend home even faster! 2. Help save lives. It's kitten season, and shelters all over California are being flooded with kittens. We are getting kittens from rescue partners who need our help, but we need more space and resources to continue helping our partners. When you adopt a kitten through a kitten game, you are helping us create space quickly, allowing us to save more animals that need help now. Check out our Diamond available in Ruff Animals below!
