Worried that you may have symptoms of coronavirus? Start with the COVID-19 assessment to share symptoms and get recommendations for care: how you get care, COVID-19 may vary, but there are still many ways to get the help you need. No matter what your health needs, you have many safe ways to get care. Whenever possible, we encourage you to first contact your care team by email, mail, through the kp.org and kaiser permanente programme. If you don't already have an online account, you'll need to register. The team can review your concerns, get the care you need, or help determine whether a person's visit is required. To help you take care safely, we have taken the following steps: we know that not all care services can be provided virtually. If you need to come to the Kaiser Permanente facility in the northwest, be aware that we have taken additional precautions to keep you, your family and our staff and doctors safe. Click here to see how we help protect you during someone else's visit. For example, we: we update our visitor policy to keep our most vulnerable patients safe. Medical and dental offices Hospital Outpatient Surgery Centers Require masks for all members, visitors and staff in all rooms. While bandans, scarves, coats and valve masks may seem like good mask options, visiting our premises is not enough for you or others. If you do not have a mask, we will give you one during the visit. Having greeters at the entrances of our medical institutions welcome and prescreen staff and visitors. Improvement of cleaning procedures to disinfect our facilities and help prevent the spread of COVID-19. We waive the cost of testing and diagnosing COVID-19. Learn more about testing and what is tested We facilitate home care. Postponement of some medical operations and procedures. Due to the current wave of COVID-19 patients, some medically non-surgical surgeries and procedures will be postponed for the rest of the year. If your procedure has been postponed, our care teams will contact you to replan. Eye care services Eye exams Make an eye exam meeting with an optometrist if your prescription is 2 years of age or older. Plan online kp.org or Kaiser Permanente or call 1-800-813-2000 option 3. New glasses or contact lenses Currently vision essentials locations are closed to allow you to walk. However, optical meetings for glasses or contact lenses can be performed phoning 1-800-813-2000 variant 3 then, 3 again. On-Line Options Can You Shop for a Full Pair of Single Vision Glasses or Rearrange Contact Lenses For Glasses Adjustment and Repair Need Repair? Telephone eye care services 1-800-813-2000 variant 3 and 3 again, ask about places offering curb glasses for adjustment and repair. Virtual eye care consultation For emergency eye care tips, join the kp.org or Kaiser Permanente program, select the doctors' office and select the recipient to send a message to the doctor. For immediate eye care advice, call 1-800-813-2000 3 then 2. Diabetic retinopathy Eye screening If you need diabetic eye screening, walk-in screening is available at our optometry sites after registration. We gradually phase out the temporarily closed due to the coronavirus/COVID-19 pandemic. We have safety measures, including the requirement for masks in all kaiser permanente locations. For more information about dental services, please kp.org/dental. Personal care services are provided in places with limited services. Laboratories, pharmacies and imaging services are also available in open buildings. Temporary closure of facilities To help limit exposure and protect our members, employees and community, we have temporarily stopped providing personal care in these locations. All services, including the pharmacy, are temporarily closed in these premises. To help members continue to take care of the home, we have increased the availability of video and phone visits. To help you and your loved ones get proper care at the right time, follow the guidelines below based on your symptoms. If you think you have an emergency condition, call 911 or go to the nearest hospital. Watch this video to learn about convenient ways you can get care from home security — by phone, video, and online. I have symptoms of COVID-19 and want to get a test Start with an online evaluation We test all symptomatic members, as well as members without symptoms who need a travel test, arrive for certain surgical procedures or need to undergo tests for other reasons. For your convenience, you can call our 24/7 advice line at 1-800-813-2000 (TTY 711) to talk to your doctor about your symptoms or schedule a phone or video visit with your primary care physician. We will give you instructions on where to get tested if you follow the guidelines. To learn more about testing, click here. COVID-19 assessment: If you or a family member are concerned about covid-19 symptoms or have been exposed, fill out our new online screening tool to assess symptoms and join care recommendations, including Kaiser permanente physician online care. COVID-19 tests are only available when your doctor tells you, so please don't go to the testing facility unless you have a meeting. Call us: Talk to your doctor about your symptoms, check the test and get advice on self-care. Call 1-800-813-2000 (TTY 711). Visit your video or phone: Schedule a visit to your video or phone by signing in to the Kaiser Permanente app or kp.org. You can also call our 24/7 advice line at 1-800-813-2000. I'm ill, but I don't have COVID-19 symptoms Take care of other conditions You still have many ways to get care, including videos, phone meetings, email, and e-mail. If you are concerned about a specific medical condition, visit kp.org/getcare information about appointments, emergency care locations and 24 hours a day. If you have a non-error of health, you can contact your doctor and usually within 2 working days. If you have previously agreed an appointment at a temporarily closed medical or dental institution, we will contact you to discuss your care options. I feel anxious about the situation Mental health and wellness resources At this time it is especially important to take care of all of you. Eat a balanced diet, get a full night's sleep, stay in touch with friends and family, and remember your mental health. Whether you're looking for help with sleep, stress or relationships, we have a lot of digital tools for your mental health and wellness. Getting started – kp.org/selfcare. For mental health advice visit kp.org/getcare. I am away from home Care when traveling If you experience symptoms of COVID-19, immediately seek out tests and diagnosis. You are receiving urgent and urgent assistance anywhere in the world. If you are outside your home region and need care, call Away from Home Travel Line at 951-268-3900 (TTY 711).1 To learn more about how to take care away from home, visit kp.org/travel. If you are outside your home region and already have a travel health/medical entry number for your current location, learn how you can get a trip kp.org account and receive virtual care.2 Due to the current influx of COVID-19 patients, some medically non-surgical operations and procedures will be postponed for the rest of the year. All patients whose optional procedures, operations or appointments are delayed or delayed will be contacted directly by Kaiser Permanente. We are also extending the pause in planning for new cases across our area until the end of February 2021, after which we will re-evaluate plans to update all scheduled operations. For your safety and to reduce the spread of coronavirus, we reduce the number of prenatal meetings in our medical institutions and hospitals. This means that some prenatal accounts may be changed to virtual visits where you'll talk to your service provider by phone or video. Your service provider will notify you when you should attend a personal visit and when it is appropriate to make a virtual visit. For more information about this and other changes in pregnancy, work and delivery, visit kp.org/covid-19-and-pregnancy. To support physical disconnection, we encourage members to use mail order for recipes and supplements. It will also save you time and can reduce costs. You can avoid standing in line and get 3 months of supply for most prescriptions at a price of 2 months. Use our mobile app, visit kp.org/refill or call 1-800-813-2000 (TTY 711). 24 hours a day, in response to the emergency guidelines in Oregon and Washington, we will allow early replenishment. In the absence of clinical concern, early applications for restocking of substances will be allowed when currently available for 30 days or less. All common copays are applied to the benefits of your plan. Even if you are in excellent health, a global pandemic can inspire you to document your medical desires for your loved ones. Life care planning allows you to make important health care decisions now if you can't speak for yourself later. Help you cope with COVID-19 Now it is especially important to take care of all of you – mind, body and spirit. We have many digital tools and articles to help your physical and mental health. Health.
