## Seesaw codes in spanish

The Guest Family letter is available in these languages within the Wesaw product. To print guest families in one of the languages below, type on the +Families button &gt; select Print Invites and then select the language from the dropdown. To create a Family Guest Letter for your class in a language we haven't already supported, please follow the instructions below. You'll need to add a specific class link in order for families to join your class. First, tap the + Family button. 2. Select 'Share a Guest Link'. 3. Then you will need to copy your specific Guest Link, and paste it into the Family Invite Family resource. 4. On the translated guest, please add your Guest Links and Names so that your family members can connect to your class. If a note, caption, comment, ad or message is written in a language that is different from a family's language or the teacher's device, a View Translation option appears below the post. Typing View Translation and Wesaw automatically translates any text into your native languages. Students don't have access to this feature. Translation works for notes, captions, comments, announcements and messages. Available on all platforms (iOS, Android, Kindle, Web) See Translation only appears if the note/caption/comment/message is written in a language that is different from the language of the viser or computer device. See Translation only appears for teachers and families, not students. In addition, our family letter invite is now available in 10 different languages on the internet through Family Guest buttons buttons!
