Chicken run rotten tomatoes

07/18/2017 I've done this twice. I followed the recipe exactly the first time I did it. I do this with all the recipes I consider to be fair, but I liked it even better the second time I did it. The second time I did it I seasoned the chicken with spices and browned the thighs in lightly tasting olive oil with onion slices, and then added tomatoes. Simmered for 45 minutes, then added a splash of white wine, lime juice and fresh coriander and cooked a minute or 2 longer when wine was boiled abby. I served it over white rice. Will definitely do again and use more tomatoes. Update 17.07.17, I did this for the first time in a while. I never do anything the same way twice lol, this time I didn't add wine, lime or coriander (because I didn't have any). Instead, I added some chicken broth and curry powder and topped it with sour cream before eating it. I was hungry for a curry dish, and this was fabulous! I seasoned and browned the chicken with sliced onions first, then added tomatoes and chicken broth and cooked. Yummy!! Great base tomato chicken recipe!!! 03/15/2011 This was so good. I only had 6 legs, I used a teaspoon of all the spices and through in a can tomato sauce for extra sauce over rice. I also used only 2 tomatoes. Yum yum. I want to use this again and again. 03/16/2009 Okay. A little boring. I added a little cayenne to spice it up. 09/16/2014 This was very good as it is! I made some changes in the end (I know people hate when you change a recipe- but this was really adaptable and I just made a few changes after tasting the final product) ... I didn't have chilli powder, so I added some chilli flakes instead. I didn't have ginger, so I skipped it. I used boneless skinless thighs and browned them in the coconut oil, but with tomatoes and spices at the beginning. When it was done and I tasted it, I added a tblsp. of sugar and a tblsp. of curry powder and a dash of salt. Adding these few ingredients really brought it all together, but it would have been great without it. While the chicken I also added a chopped onion and some sliced mushrooms I had in the fridge. I called it Indian chicken and tomato stew and served it over rice. I served it for company and everyone raved and even wanted the recipe. I'm going to do this again. It was delicious! This is a clear goalkeeper! 10/29/2017 Know delicious. I did it, followed the recipe to a T and it turned out very well. I did it with chicken thighs and chicken wings both turned out delish! 07/21/2017 This was a very interesting mix of taste. I didn't have ginger so subbed for 1 teaspoon of allhand and 1 tsp cinnamon. Made in the electric pressure cooker put the onion garlic and chicken in after sautéing and deglazing the pot with about 1/2 c chicken broth. Put the tomatoes on top to avoid staying. Also sautéed spices. Cooked on high in 10 min with 10 min NPR. Will definitely do again. Thank you very much for the recipe. 03/02/2017 This is a very simple and very tasty recipe. Yes definitely will do this again. I made some changes mainly because I didn't have the exact ingredients benefit. I used chicken breast, but I didn't thin them out. I panned them first to speed up the cooking process. Since I didn't have fresh spices, I used the dried equivalent. The last thing I switched was to use diced tomatoes (28 oz) as I had no fresh. All this helped to speed up cooking to about 30 minutes vice the 45. My husband who has taste problems said that he liked this very much! 02/08/2014 This is so good. I never have turmeric, so I'm skipping that part. And canned tomatoes do a good job. Excellent served over spaghetti. 12/08/2013 This menu was a nice change and consisted of items I always hold in my pantry. I will try next time to add tomato past or a little corn starch so that the sauce is a little thicker. But other than that it was a good recipe! Aunt Ise! CoCosmom Bea Mewesed CoCosmom 03/04/2004 5 Star plus. While this was cooking I was ready to write this off. So wrong. It's a recipe that I would now use for company - it would be a great single meal for a shower or girl getting together since it could be cooked 3/4 way and finished before serving. As others said use amt. ingredients you like best. I made 50-50 canned diced tomato and artichokes did add a little garlic used less peppers (diced very small) and spices (dried). Also used shredded mozzarella since that's what I had (I wouldn't change it). Also I changed from marinara (I didn't want a heavy sauce) and used Emeril's Kicked Up Tomato which was light but spicy which was a hit here! I made angel hair pasta and just spoon the bright sauce juice over it and ended up cutting chicken rolls about 1 1/2 thick which made such a beautiful presentation look stuffing in the middle. I was so disappointed that I didn't have the company to see and experience this dish. A salad and some garlic bread would touch it nicely. Maggie thank you so much for inventing this! THIS IS A KEEPER - AND A CHEAP DISH! 07/30/2006 As written a 3.5 or 4 recipe, but with a few additions it proved great. In fact, this made this a topping for some sauteed chicken breast. Used canned dice tomtoes added fresh garlic fresh mozzarella roasted red peppers instead of fresh balsamic vinegar and brown sugar. Omitted the marinara sauce because I didn't think it was necessary in the end. 03/03/2006 We thought this was a keeper recipe, but agree with others that it needed some doctorate of proportions. I sauted three garlic cloves (chopped) with vegetable mixture. I also mixed feta and mozzarella cheeses. I have to tell you, the aroma while it was baking woke even teenagers out of their rooms! Rom! I love with this recipe is that you can play with it and it will still be delicious. A clear taste as you go cooking experience. Thank you for sharing it. We'll do it again! 09/23/2003 this recipe is delicious I added mushrooms and extra artioikes and garlic. My husband thinks it's the best chicken he's ever eaten. WONDERFUL RECIPE. and simply also 11/16/2009 I loved this recipe! I used dry spices (adjusting the quantities) because I had not fresh and added garlic as others suggested. I left out the pasta sauce because it just wasn't needed and used canned diced tomatoes. I also used marinated artichoke hearts for extra flavor and chopped them very small so the kids wouldn't know what they were eating! I made sure to use fresh mozzarella since there is one thing I really like. Sometimes it's the little things that make a dish special. I spoon all the leftovers filling on top of stuffed chicken breast as there was quite a lot left. This was a very tasty dish. I served it on a bed of angelhair pasta and my husband commented that it looked like a graceful dish at a restaurant. 12/01/2003 I made this once with vegetables under the chicken and once with them on top. I thought it just came out too watery maybe because of the juices from the chicken. Maybe it would be better if it was baked without the marinara sauce. The chicken could then be removed from the liquid and the marinara could be added just before serving. 09/09/2005 This recipe was GREAT! I added a little garlic and reduced the tomatoes just too much for the filling. Next time I'll omit the marinara sauce and just add a few more tomatoes to the top. The sauce overpowered all the other good flavors in stuffing. 01/03/2011 Great recipe. I added some fresh spinach, sun-dried tomatoes and colorful peppers to the mix before I filled the chicken breasts. Serve with cheese ravioli. It was amazing. See my picture. 01/03/2004 5 STARS! This was excellent! I added two garlic cloves while sauteing 3 tomatoes and canned diced tomatoes (roasted garlic flavor)and added a little onion and GREEN peppers for color. I also used marinated artichokes which I think gave it extra flavor! Not only was this a colorful tasteful dish my husband really thinks I'm a real cook! 1 of 4 Artichoke and tomato chicken Snowboro 2 of 4 Artichoke and tomato chicken Josie 3 of 4 Artish and tomato chicken Pam Ziegler Lutz 4 of 4 Artichoke and tomato chicken darlingmkt While individual episodes or seasons of the TV series can have a perfect score on Rotten Tomatoes, it's hard for a show to maintain an overall 100% score as time goes on, especially when it's been airing for a while. In order for it to get a perfect score, all critics must agree that it is worth watching - even a bad review on a single episode will negatively affect 100% scores. For example, of Thrones Thrones an 89% score, The Wire is at 94% and Breaking Bad is at 96%. These three series illustrate how being 100% Fresh on Rotten Tomatoes is a challenge, given their exceptional content, characters and stories. Here are 10 of the most talked about series that have a 100% Rotten Tomatoes score. Tired of Netflix raising prices?
