The game If you are a fan of racing games and want to do some great driving skills on twisted roads, Car Stunts 3D is definitely a perfect choice. Car Stunts 3D APK is an off-road racing game with a third family perspective. In the game, you have to control your vehicle well on the track with different terrains. Your goal is to finish the race in first position. In addition, the game controls are quite simple. It's like the game Car Parking 3D. In which, there will be 2 parts on the game screen. One side is the steering wheel so that it rotates left or right. The other side is the button to brake or accelerate. However, you can choose from countless steering wheels and pedals for a more realistic and lively driving experience. Epic Racetrack System Car Stunts 3D APK has many tracks for players to choose from. Most of them are nice. But the hard part is, you can fall at any time if you lose control. The race tracks are placed in the air. It feels like you're riding in a city in the clouds. Where, there are no barriers, no signal lights. It is surrounded by clouds, mountains... Curves will cause players to fall off the court at any time. Therefore, you should stay calm, make a good decision to beat the opponents. In addition, being placed in the air will make the racetrack have very majestic landscapes, as in fictional films. Unique upgrade system In addition to the track, any racing game has car upgrade system. In Car Stunts 3D APK, the number of vehicles is even more and more unique than other titles. To own and upgrade the cars, you have to collect a lot of money and gold on the track. After getting enough budget, players can upgrade or buy new racing cars like Ferrari, Lamborghini, Bugati...
