APKCombo Apps Samsung Slow motion editor 3.5.18.5 · Samsung Electronics Co., Ltd. 08 December 2020 (3 weeks ago) With Fast & Slow Motion Video Tool users are now able to speed up or slow down any of their videos as well as being able to play their videos in slow motion. Accelerated or slowed video can be set to any speed between 1/8x and 8 times the speed of the original video. This allows users to find the right speed for their needs. Your fast or slow-motion video can also be converted as the app allows you to save outgoing videos in one of the following formats: asf, avi, flv, mp4, wmv. Our app also allows you to share your videos with any app on your mobile device! Now it's quick and easy to share your newly converted videos on Facebook, Twitter, via email, or any other means of sharing. Then download our video tool today to start converting your videos to fast-motion or slow motion, otherwise known as slow mo, today!f183e9c7dc Post and watch short videos on this platform All the videos you want on your smartphone A simple but powerful video editing tool powerful tool to record what is happening on the screen Add music and effects to your videos and then share them! The official YouTube app to make local downloads Play any video file on your device Capture your favorite Netflix shows on the go Hello, There you can download the Slow Motion FX APK file for Samsung Galaxy J7+ free, the version of the apk file is 1.4.5 to download to your Samsung Galaxy J7 + just click on this button. It's easy and under warranty. We only provide original apk files. If any of the materials on this site violate your rights, please let us know that Slow Motion Video FX is a useful tool to create beautiful epic slo-mo videos or very fast moving videos. The application presented is the post-processing editor, which allows you to edit video files, including changing its speed. When you're done, you're able to share the results of your work and upload them to Instagram, Youtube, or any other website or social network. Surprise your friends, colleagues, and any other people from around the world with your creativity, sense of humor, or just the good times you captured on your device. You can choose the speed of your outgoing video at your discretion. Possibilities provided by Slow Motion Video FX: Changing the speed of speech is fun. You can look like a small cartoon character or as a mysterious dangerous creature. Record the process of falling or moving different objects or pets. It looks epic, dramatic and interesting. Do not limit yourself to the ideas listed above, the it's the limit, have fun with creativity. Fixed bugs: bug en-US fixed: bug en-US fixed: bug en-US fixed: en-US bugs fixed: en-US Re-editing possible, price changes, correct music bugs, other small bugs fixed: bug en-US fixed: bug en-US fixed: bug en-US fixed: bug en-US fixed: fixed en-US bugs: fixed: Fixed bugs: en-US bugs fixed: en-US bugs fixed: en-US 1) Now you can add filters2)Now you can process videos in HD3)... and add some music to your video4) See some examples for inspiration too: en-US 1) simple added slow-mo mode;2) examples section added with video samples. Correct it-US bugs, some graphical changes: correct en-US bugs: en-US 1.0.5:- new user interface- fixed ad problem 1.0.5:- new user interface- fixed ad problem 1.0.5:- new ad problem fixed by user interface 1.1.\*We have significantly improved our algorithm, so slow motion videos will look fluid on all phones now!
