MAY 2023

## Hyde Park Hometown Days

July 14th and 15th

Someday the snow will melt and the weather will be warm, maybe hot. And we will gather and celebrate our beautiful hometown of Hyde Park! Friday's plans include our 2nd annual Hyde Park Classic Car Show. It will be in the afternoon/evening under the shade trees. Can you say bigger and better? Our goal is to make our car show the best one the valley has to offer. Along with the car show we are planning a Hyde Park Barbeque Contest. Oh yeah, there will be prizes. Big prizes for the best grill! So start your grills and get practicing! A movie in the park that evening along with vendors and treats is planned.

Saturday brings a Fun Run, Yoga in the Park, the Velvet Highway Parade (who will win the Parade Circle contest this year?), bounce houses (this year with H2O!), booths, vendors with food and treats, carnival games, bingo, and of course the dunk tank! And guess who is coming - the barrel train & engineer will be there for rides all day long! Later on we'll have a Touch-a-Truck event along with 9 Square, more bounce houses, more food, a program and FIREWORKS. A dance will end the night. If you would like to help with any portion, be on our committee or have an idea you would like to help with, please reach out to Stephanie at [stephanie.a@hydeparkcity.org](mailto:stephanie.a@hydeparkcity.org) We have some openings for booths. Please reach out if you would like to do one.

## Message From Mayor

Happy Spring Everyone. We're emerging from the winter that will never end, hoping that our hometown will be safe from the rising runoff water. There have been a few instances of flooding in Cache Valley and a couple of landslides, but no real damage. We've assembled a group of emergency specialists that are reporting weekly from all areas of the city, and we'll likely do this until mid or late May.

Things are changing in the city. With the adoption of the new city General Plan, there are different housing options the Planning Commission and City Council are now working on. The state is requiring cities to have a moderate-income housing plan, and they have implemented penalties if a city is non-compliant. Those penalties include daily fines and the loss of Class B/C road funds (our budget for road improvements). On the undeveloped east beach we get to choose, recognizing property owner property rights, we could A) continue with the same type of development that we're currently having or B) plan a development to preserve open space, trails with connectivity, public areas for recreation, and cluster housing. The City Council approved a Mountain Recreation Zone to do that. We're wanting to preserve trails and recreation to Hyde Park Canyon.

Another item before the City Council is multi-family housing. It needs to be within transportation corridors and held to lasting architecture standards. These two changes are significant to our city but are necessary to preserve open space and meet state requirements for moderate-income housing.

One last thing, our neighboring cities are getting rid of their green waste dump sites. I don't want Hyde Park to become the green waste dump site for the north end of the valley. We pay approx. \$500 per dump. We'll have 2 weekends coming up for spring clean-up, then the large bin will go away until fall. You've received a message of the spring dates, please plan accordingly.

### YOUTH COUNCIL

Our service project for April was Random Acts of Kindness. We enjoyed going into our neighborhoods and sharing some greetings and treats. We wish we could go to every home. We love the people of Hyde Park and have enjoyed serving you this past year. We are wrapping up our year with lots of memories of all the fun events and service projects we have done. We hope everyone enjoys our beautiful spring after a very long winter and we wish everyone the best!

### THANK YOU

The Youth Council has had a wonderful year. The success of the Youth Council is of course our youth. They are the best of the best! They are so willing and happy to serve. They spent lots of time planning, preparing and serving in so many ways. It is such a pleasure and honor, not to mention lots of fun to serve along side these terrific kids! The other half of great success goes to our amazing advisors. They give so much to the kids and to the community. They serve right along with the youth and their sacrifices are many! Our awesome advisors are Cheryl Harrison, Charee McClellan, Jannalyn Hoopes, DeAnn Turner, Julie Argyle, Karen Suisse along with Marci Ashcroft & Sarah Clark. A special thanks to Craig Case & Trevor Harrison too! With lots of gratitude from Marci Case and Stephanie Allred.

### Interested in Running for 2024 City Council?

Hyde Park City will be holding an election for

- Three City Council positions (4-year term)

If you are interested in serving as a City Council member, you will need to declare candidacy between **June 1 and June 7, 2023**, at Hyde Park City, 113 East Center with Donja Wright, M-F between 8:00 AM and 5:00 PM.

### YOUTH COUNCIL APPLICATIONS

#### Service, Leadership, Friendship and Fun

It's time for Youth Council Applications! We are excited to invite all youth that will be in grades 8 - 12 in the coming school year to apply. Applications are available online at the city website: [hydeparkutah.org](http://hydeparkutah.org). You will need to submit a paper application to the city office by June 1st. We will be conducting interviews on June 5th or 6th. If you are unavailable on these dates please contact Stephanie Allred at 435-757-4938 or if you have any questions.

### GREEN WASTE DUMPSTER NEW 2023!

Due to changes in green waste service providers, the large green waste dumpster will not be available all summer as in past years. The City has contracted for a dumpster to be provided for a short time in the spring, and again in the fall. The dumpster will be available: **Friday, April 28 - Monday, May 8, 2023**. The dumpster will be emptied everyday (except Sat & Sun) so if it is full, please check back.

***This does not change curbside green waste pickup.***

You can always take your green waste to the Logan Environmental Landfill free of charge for a covered load.

### Cemetery News

Hopefully it is safe to say that the winter season is behind us ~ it was a long one! I'd like to give a big "Shout Out" to Kyle Jorgensen, Robert (Bob) Balls,

and Brian Balls. These amazing men faithfully attended to needs of those who passed on this winter. With so much snow on the ground, *much* preparation was needed to determine the exact location for the grave; hard, frozen ground made digging difficult; cold, snowy, windy days made for less-than-ideal working conditions; but every grave was properly prepared and ready before the appointed hour. **Thank you, Kyle, Bob, and Brian!** It goes without saying, that our cemetery needs could not be met without you! The melting snow reveals the many needs we now must attend to in the cemetery. The ground is still quite saturated; it's muddy and settling is still occurring. Please be patient with us as attend to each issue. As general clean-up begins, we issue a gentle reminder that ALL decorations must be secured to the foundation of the headstone or they will be removed. Thank you for helping us honor and maintain this beautiful, sacred place.
