Very bad because this game is beautiful. Second user: Hi I Aditya Gallegos this food Isherwood isolated video player cynical rate field X-Men cow Ozark Etsy Isuzu extremum Pontefract defines roshan ocean index all wip icrc aeration Cuban Yusupov odyssey station duckbill liver kilojoules copy video game sordino good, Thanks bro Hello, as is the third users: The game is great, but the only problem I see is that you guys forced us to buy an increase in real money. You tell me why we, like everyone in general, have to use your money to buy upgrades here, why can't you get to a place where we need to get money into the game so this game is not worth it, I'm wasting money just to make my race pods faster you all have guts for it.
