Paletta smart color splash

Paletta - Smart color splash 2.1.3 Description Paletta - Smart color splash (Package Name: pifox.app.imagecoloreditor) was developed by PiFox Lab and the latest version of Paletta - Smart color splash 2.1.3 was updated on September 24, 2018. Paletta - Smart color splash is in the photography category. You can find all the apps from the developer of Paletta - Smart color splash and 46 alternative apps to Paletta - Smart color splash on Android. Currently, this app is free. This app can be downloaded on Android 5.0+ on APKFab or Google Play. All APK/XAPK files on APKFab.com are original and 100% secure with quick download. Do you like the effect of splashes of color, but don't want to keep zooming in and dragging your finger along to highlight the colors? Then this app is for you, let the AI take care of understanding the colors of your images, and then all you have to do is select the colors you want to activate in the smart generated color palette. Now that you also have the original colors of the image, it's very easy to use and the results are great. It's fast, easy and powerful! It is known that this app sometimes crashes on devices running Android 5.0 and 5.1. We're still working on a solution. We are sorry if you experience this problem. Get started now! Tools! New! Color Modifier: Hold down a color circle to open the color-changing menu, where you change the hue of all pixels displayed by that group! Amazing. (limited in the free version).- Wall: Reveals the original color when touching a gray area.. Click the icon for a long time to change the brush size.- Eraser : Clear color by touch. Click the icon for a long time to change the size.- Palette: Activate/deactivate colors in the image.- Navigator: Pan and Zoom.- Comparison tool: Click and hold the original image. Pro Version Features - No ads.- Undo / Redo functionality.- Option to change the generated palette size between 2 to 11 colors.- Change the colors freely in each tint value. (Some images are more easily edited when you change the palette size, images with fewer colors typically require smaller palette sizes, and images with lots of colors require larger palette sizes). Tip - Use vivid color images for better effects.- The color changing effect works best when the colors are well grouped. (You try different palette sizes to check if it's okay) About the adsThis app has only one ad (fullscreen) that appears when you stop editing your image. Watch our

And here's the latest Premium unlock edition of Paletta Smart Color Splash Pro app that you download, install and use. So download Paletta now Color Splash Pro 2.1.2 unlocked APK. Paletta Smart Color Splash Pro makes it easy to change the color of your images. The app first identifies the original colors in the image, which are most of it. Now you activate one of these colors or black and white colors. After you select the active color, simply change them, dark in and dark a new colour as a whole. You also try: HD Camera Pro 2018 v1.7 Mod APK (AdFree Edition) Features of Paletta Smart Color Splash Pro Simple and beautiful interface Creating attractive images Identifying the main colors of the images Ability to activate or deactivate different colors Ability to paint and paint colors Ability to change the main color of images simple storage images and more... This Paletta Smart Color Splash Pro app offered by PiFox Lab on Google PlayStore with 4.2/5 average users rating and a large number of downloads. It works with Android 5.0 or the latest version. Download Links (Full Unlocked) Latest version changes Fixed low quality pics bug. Paletta - Smart color splash v2.1.2 Pro MOT descriptions: Do you love the impact of shadow sprinkle, but prefer not to keep zooming in and dragging your finger around to feature the shades? At that time, this application is for you, let the AI deal with understanding the shades of your photos, and then you just have to choose the shades you need to act in the smart produced shadow palette. At this time you also change the first shades of the image, it is anything but difficult to use and the results are stunning. It's fast, simple and intense! One realizes that this application occasionally crashes on gadgets running Android 5.0 and 5.1. We're still dealing with a solution. We are sad about the likelihood that you will encounter this problem. Instruments! New! Shading Modifier: Press and hang on a shadow circle to open the shadowing evolving menu, where you can change the hue of all the pixels addressed by that meeting! Beautiful. (limited in free form). Wall : Reveals the first shadow when contact with a blurred area.. Tap the symbol for a long time to change the brush size. Eraser : Erases shades by contact. Tap the symbol for a long time to resize. Palette : Activate/deactivate shades in the photo. Pilot : Pan and Zoom.Comparator: Click and hold to see the first image. Star version features- No promotions.- Undo/Reuse.- Option to change the palette size produced between 2 to 11 shades.– Change the shades freely in each shade. (A few photos are more easily modified when you measure the palette, for the most part photos with fewer shades require small palette sizes, and photos with numerous shades require larger palette sizes). Tip: Use photos with energetic shades for better effects.- The shades that change the impact work best when the shades are gathered all around. (You try various palette sizes to check if it's great) Mod info from Paletta – Smart color splash v2.1.2 Pro APKPRO features unlockedWhat's new– Color Change feature. Keep a in the editor to open the color-changing menu. (limited in the free version) - Added a brush size indicator while using it. – Ability to move the app to the SD card. – New New
