Hey, I'm sorry. Hindi information on the blog is welcome to all people. Today we will tell you how to do Online Mobile Recharge karee kare and online mobile upload. The name of the Internet will be heard nowadays in everyone's language, because the Internet has made human life very simple and asanas, and the biggest contribution to this online Upload, or I can say to upload from the Internet. You can spend online from your room at home, or walk on the ropes, in college, in the store, from the office to any corner of the world. So online uploading has made your life simple and asanas. Online uploading involves maximum mobile charging and DTH charging. So today I'll tell you how to do Online Mobile to spend in Hindi, let's look at how to do Online Mobile Recharge kaise karte hai (how to do it). What you need to do online mobile upload online upload website like [www.paytm.com](http://www.paytm.com) and account [www.FreeCharge.com](http://www.FreeCharge.com) (if your account does not take into account how to create an account, I will tell you how to create an ATM/ATM card or internet banking mobile number aak internet mobile phone, or the need to upload it to Computer Online Mobile Mobile 1. First, ask him how Jake will spend it in a store. The refill shop will be away from home. 2. Offers will let you know online and you don't have to ask anyone. 3. Ask how you will save money, you will need to use coupon code when reloading. 4. No need to depend on anyone, ask how you will have a mobile in your hand and you can charge yourself with steps over 5. You can not talk, all offers you will see online Mobile upload. 6. If you re-online over and over again, you will gradually get the discount code and coupon code for your email ID or mobile number, which will save you money. There are two ways to upload Online Mobile 1.2 from the website. Here you will learn how to download online from the website of the mobile application Online Recharge Kaise Kare (how to do it). 1. First you need to [www.Paytm.com](http://www.Paytm.com) online upload website (you can also open from here [www.paytm.com](http://www.paytm.com) click) Smart Online buy kaise kare? What is Bitcoin and how does it work? 2. Once you have opened PayTm, you can log in to your login ID and password. If you're a new player in Online Mobile Recharge, you'll need to click the Register button and open the new account. If possible, register with Facebook.com Gmail (registration means creating a new account), so you don't have to provide additional details 3. Login will open a new page on the screen shot of the page below, in which you must enter the charger's mobile number and then pay the amount (how many rupees online mobile you want to spend) if you want to select the amount of offers. Bve. When you enter the mobile number, you can select them and automatically upload the online mobile, for example, upload, 2g, 3g, full talk time, special mobile upload. 4. Now, after entering the amount, click Continue to Reload. 5. Now you need to apply the promo code for which we are talking coupon code. I've checked out where these coupons will get you, using these promo codes, you'll get some cash back after your online mobile reload. Aadhar card kya hai, puri jankari hindi me 6. Now click continue to pay. 7. Then a new page opens in which you need to select your payment method, payment method such as credit card, credit card and Internet Banking to select and prepare the method. Here I am by selecting a payment method debit card (ATM card). In it you will find the expiration date of the ATM card number (which exceeds the ATM card), which is written above the card, the CVV number that you will see on the back of the card, which is 3 digits. 8. After entering this information, click Payment. PayPal kya hai aur kaise kaam karta hai 9. Now you need to enter otp one-time password, check your mobile, have an OTP number (One-time password), which you send to OTP with a number registered in your bank account. (Remembering the bank account you need to make a deposit is the reason why your mobile number is registered in the account when making an online payment, that otp is a one-time password) 10. Now click Send Payment. 11th Now You need to pause for a while (you don't have to press any buttons) 12. After a while, the Paytm page opens, which says that the order is successful, something like that below. You can spend your mobile Online and DTH online from home or anywhere. (Likewise you can load the Paytm mobile app) I suggest you go with the go today, Online mobile upload kaise kare (how). Friends Today's article is useful to you.
