The offer ends on January 5th. Embark on an incredible journey through Unknown Fate, a story-based first-person adventure with many puzzles to solve and enemies to beat. Become Richard, who suddenly seamlessly moves from the real world to a surreal universe. You'll encounter strange characters, unknown artifacts, and scenes resembling Richard's previous life, of which he has lost all his memory. However, he knows this is not where he's supposed to be. The world he has come to dwell in is strange and distant. Feel the need to find out more about this surreal universe and the creatures that inhabit it, in order to find a way out - out and back to his real self, his real life that he knows he still has to remember completely. Shrouded in mystery, you take cautious steps into the unknown, only for your mind to deviate further by questions, nibbling on what you think is real and true: your certainties will begin to crumble. Without a path back and a strong impulse of answers that strike in their senses, they push, striving to control the strange difficulties that surround him, anxiously waiting for the moment when his mind unravels when the thread of his journey finally unravels all the way. But there's still some way to go... Soon you will have all the answers to your questions. But you still have a lot to do with... Story-Driven Adventure: Explore a strange and surreal world as Richard seeks to find his way back to reality. Mind-Twisting Puzzles: Manipulating objects to discover clues and finding a way through.
