Destroy the enemy statue and conquer all Territories.In a world called Inamorta, you are surrounded by discriminated nations dedicated to the technology of their individual nations and fighting for supremacy. Each nation has developed its own unique way of defending and attacking. Proud of their unique craft, they are obsessed with worship and turn weapons to religion. Everyone believes that their way of life is the only way, and is anxious to teach all other nations their police by claiming leaders there as divine intervention, or as you know it... War. The others are known as: Archidons the Way of the Archer, Swordwrath the Way of the Sword, Magikill the Way of the Magician, and Spearon the Way of the Spear. You are the leader of the nation called order, their way is of peace and knowledge, your people do not worship their weapons as gods. This makes you a sign of infiltration by the surrounding nations. Their only chance to defend is to attack first and get the technology from every nation along the way. Unleash your skills and protect your domain with the addictive stick figure game, Stick War: Legacy. You have the possibility to control your own army in different formations. The game also allows you to defend your own base, destroy the enemy and conquer other domains. Sounds exciting? Then download the game now on your PC and start forming and leading a nation! Stick War: Legacy – The Leader of OrderInamorta, the world in Stick War: Legacy, is full of nations that want to fight and dominate others. Each nation is led by a leader. These nations are called Archidons, Swords, Magikills and Spear tons. Each of these nations is warheads, and they believe that their path is the only way. As the protagonist in the game, you are the leader of the order. You believe in knowledge and peace. But because of this faith you will be an easy target for other nations that love war and weapons more than anything else. So your goal is to attack the other nations first and use their technology for your own benefit! Know Your PriorityStick War: Legacy has many missions to complete, and training sessions for your army are important. you should focus on buying more gold to move around. To get more gold, you need to create more miners. It is best to start with two or three miners at the beginning and increase them to four miners halfway. This ensures you a steady source of gold throughout the stick war: Stick War: If you notice that your melee fighters are weaker, don't go on and don't attack the enemy's statue. Let your fighters go back to the castle and train more units. These trained are better to be reinstated and take this statue! Sometimes a withdrawal can make way for an even better attack. So, don't be afraid to retire because it doesn't mean you're already surrendering. So, play Stick War: Legacy on PC now for free download.
