Ghd air elite hair dryer

Introducing ghd air ELITE™, a revolutionary dryer that allows you to create beautiful, healthy styles in less time. Designed together with the GHD team of scientists and the best stylists, GHD Air ELITE™ is specially designed for salon professionals and features a super-compressed AC engine for extra power and advanced ion technology for smooth, dishevelled results. The groundbreaking ergonomically balanced design with variable power and temperature controls licenses creation and guarantees that your client will have good hair every day. The GHD air ELITE was designed of feedback we received from top salon stylists in North America and Canada, said Francesca Raminella, GHD President, North America. We are thrilled to provide these stylists with a professional tool that meets all their needs and delivers the same quality people expect from ghd. The new GHD air ELITE has a professional performance engine, high pressure airflow, turbo-powered heating and advanced ion technology that together can make it easier than ever to carry out salon-grade punctures, all the time – quick drying, smooth design and reduced disheveled. Ghd air ELITE has two power speeds and three different heat settings for easy adjustment of customer hair type and style. Ghd air ELITE is durable and reliable, keeping up with the salon stylist's busy life. With two precision nozzles and a diffuser adapter, you need the GHD air ELITE for easy formatting to create the look you want. It is designed to be ergonomically balanced and comfortable for prolonged use, while the 10-foot cable, makes it adaptable to any salon environment. Whether you're looking for fast, smooth results or fabulous volume, GHD air ELITE makes it easier than ever to create the perfect style. Discover more about www.ghdhair.com/us in the basket introducing GHD air ELITE, a revolutionary dryer that allows you to create beautiful, healthy styles in less time. Designed by GHD scientists with the best stylists, the GHD air ELITE is specifically designed for salon professionals and features a long-lasting compressor AC engine for extra power and faster drying times, as well as advanced ion technology for smooth, curly-free results. The groundbreaking ergonomically balanced design with variable power and temperature controls licenses creation and guarantees that your client will have good hair every day. Includes: 1875 Watts, 2 concentrator nozzles and a diffuser ring, a cool shot button and 10 ft cable. With a professional hairdryer @ ghd air, you get beautiful hair in half the time* Powerful 1600W its powerful engine and patented air filter provide high-pressure airflow for super-fast drying, while advanced ion technology reduces tow and flyaways to saloon style finish in half the time*. This GHD hairdryer has a variable power and temperature control that allows you to adjust the hair dryness to your hair type, while the cool button helps the finished style in place with a cool air. The ghd air® is also a breeze thanks to its ergonomic design, which makes it comfortable for left- and right-handed users, as well as a 9ft. long power cord that gives you full flexibility in your style. Ghd air is @ compatible with GHD air® diffuser. *there was an error processing the request compared to regular consumer hair dryers. ©2020 Walmart Stores, Inc. Inc.
