Castle Defense 2 is in the category of strategy. You can check all the apps from castle protection key 2 and find 89 alternative apps for Castle Protection 2 on Android. At the moment this app is free. This app can be downloaded on Android 2.3.4+ on APKFab or Google Play. All APK/XAPK files APKFab.com and 100% safe with fast download. A new era of war has arrived. The sequel to the original Tower defense game with over 10 million players worldwide: Castle Defense 2. Summing up years ago, the realms of man were tested in a decades-long war. It was only with the help of powerful heroes, ancient magic, and the cunning strategy of great leaders that mankind was able to defend itself and insoevert the overt forsakin. Peace began, but not forever. The Boy Scouts report that demon power is rising on the edge of our kingdom. Orcs have taken over a vast outpor that was once our hunting grounds. Somewhere in the wilderness, the wicked opened a portal to the lower kingdom, amassing armies of unspeakable horrors. Great heroes, wherever you are. Your empress has summoned you! Now is the time to defend our kingdom before it is lost to blood-watching demons forever. Join us in our war against evil. A new era of war has arrived. The masterpiece of the Tower of Defense, Defense Castle 2, sweeps the tower's defense world. By combining a traditional tower defense game with RPG elements and all the new battle pets, Castle Defense 2 has created a fusion of strategies and a whole new kind of tower defense experience. Resist waves of enemies by combining strategic positioning of defensive towers as well as utilizing the skills of powerful heroes. Noble knights, magic witches, dragon riders and more at your command. New game features [Snations of towers] ★ floating fortress, superport, steam plant, alchemist's lab, more magical towers! [hocs] ★ from winter from volcano, mysterious assassin, forest sage. Each with unique equipment and certain skills. You command the heroes to help protect where towers aren't enough. [settlements] ★ upgrade talent along the path you choose, adding a unique blend of RPG strategy to the game. [In a pet bugger] ★ fight alongside your heroes in the long war ahead, your magical battle pets can be the difference between victory or defeat! [satanic bosses] ★ giant and hideous cocoon, the evil sorcerer who can tear up the fabric of space-time,Wurm with ancient hunger, and goblins hidden in trickery! [To battle] ★ Wisely, place your towers strategically or be flooded with the enemy! [Campaign Mode] : Fight your way page by page through your story [Infinite Mod] : Wave face after wave of monsters. Defeat is inevitable, but how long can you last? [Expedition mode] : 15 new stages, each different than before with new challenges. unexpected! Join players around the world to defeat the world boss! Participate in the world's largest online battle! [PVP Arena] : Pit your powers against another player in PVP mode. Battle for Glory and Honor (and Honor Points!) A comprehensive guide for beginners makes you a capable leader in ★TIP: This game is hella fun! ★ don't have to be online to play! Any questions, do not help contact us:Facebook: [Protected E-oe] Castle Protection 2 3.2.2 Update v3.2.21. Solve the problem of the arena can't refresh the number of challenges Read more chat with all your contacts – Fast and easy Official App of Facebook Messenger All the best positive apps you want in your UC Android mini browser for Android The fastest social network browsing experience always indicated on your Android device to download wallpapers, Ringtones, and applications build an account Bluestacks or Android Emulator Andy for your PC. They have a lot of positive reviews coming from Android users compared to some other paid and free Android emulators, as well as these two compatible MAC and Windows operating system. It is a smart idea to see in advance if you are a PC and have the recommended operating system specifications to install Android Emulator Andy or BlueStacks emulators and see the known issues stated in the official web pages. Finally, you are going to install the emulator which will take only a few minutes. Click the Download Castle Protection 2 APK icon to start downloading the APK file on your computer. How to download Castle Protection 2 for PC or MAC:1. Download BlueStacks to your computer with the download button enabled on this particular webpage.2. When the download process finishes twice, click the file to start the setup process.3. Check the first two steps and click Next to start the next step in the setting.4. You see install on the screen, mouse click on it to start the final installation process and click Finish only after it is over.5. Open the BlueStacks Android emulator through the windows or mac start menu or maybe a desktop shortcut.6. Before deciding to install Castle Defense 2 to your PC, it's essential to connect BlueStacks App Player with a Google Account.7. Congrats! Now you can install Castle Protection 2 for your PC using BlueStacks software or by finding the Castle Protection 2 app on the Google Play Store page or making use of the APK file. It's time to install Castle Protection 2 app in the Play Store you can download the APK using this website and install the app. You can follow the same procedure above even when you plan to choose Andy or if you choose to choose Free to install Castle Protection 2 for MAC.
