When I was very young and very smart, I fell in love with a crazy Brazilian boy. We ended up having a very long story together, but I don't think I was ever as keyed up or scared as when I blurted out my first I love you for her. I was about to leave Brazil indefinitely, after spending six weeks traveling up the coast of Brazil with him, watching sunrises with hammocks and the like. There was no way I was in love with her, but we never said it out loud. Before we got in the car to drive to the airport, he gave me a stuffed bear holding a heart that said eu te amo - I love you, portuguese. It seemed simple enough, but in my head when we drove to the airport I wasn't sure what it meant. What is the official answer to I love you bear? Does the bear say this, or is it a mass-produced cop-out to support the evil company's plans for Hallmark? I was sitting there in traffic in São Paulo, sweating and worrying. Because of my anxiety about whether to say I love you back bear/boy built, I decided I'd do it. I love you, I said quietly, in a voice that was compressed and quiet with anxiety, as he happened to make gestures on the radio and asked, What's the name of this song again? Wait, what did you say? she said as I blurted out the name of the song, hoping she didn't hear what I said. For decades, the silence that followed. I sprinkled my nails on the cute face of a teddy bear, trying to find a way to suck I love you back in. I love you too, he said, and grabbed my hand. We cried a lot as I walked to the gate of international departures for the first time from the many that make up our multi-year, long-distance love. My mother had been clearing my childhood bedroom recently and came to that bear, with her cheap, lopsided face and scratched synthetic heart. The boy is long gone, married and happy with his two daughters. I'm married and happy on another continent with my two cats. But I kept the bear. Because for all its synthetic stupidity, it always represents the first terrible moments of true love. MIKE NELSON/AFP/Getty Images The true story of William Munny is the subject of the 1992 movie Unforgivable. William Munny was a prohibition and killer who was the title character of Clint Eastwood. He takes the last job after spending years in agriculture, away from crime and slaughter. The character is not a real person, and it is believed that Eastwood is based on the character combination of real-life outlaws. In the movie, William Munny is hired to bring Billy the Kid dead or dead. The book that inspired the screenplay from Shoot focused on a character inspired by John Wesley Hardin, one of the most lethal gunmen in the West. Munny was partly inspired by him. It has been mentioned that Munny was also partly based on Cullen Baker. Baker was a Tennessee-born Texas and Arkansas desperado whose gang has allegedly killed hundreds of people, including former slaves in the early days of the American Old West. Few love stories make history like that of George and Barbara Bush. The 41st president and former first lady died this year - George on Friday at the age of 91 and Barbara in April at age 92 - 77 years after the two met at a school dance in 1941.George H.W. Bush is shown with wife Barbara in 1945, the year the couple married. ApMa couldn't breathe, I thought she was so beautiful, Ms. Bush once told her granddaughter, TODAY's Jenna Bush Hager.For their first date, the former president borrowed a car to pick up his future wife. Sorry, this video has expired. Barbara Bush and George H.W. Bush: the epic love storyApril 18, 201804:41 He told me later, I got oldsmobile because it was on the radio. And I was afraid we had nothing to say to each other, Ms. Bush said with a laugh. And he's going to tell the world now that I haven't stopped talking in 75 years. George Bush, then a candidate for the Republican nomination for U.S. Senate, with Barbara Houston in 1964.APShe battled a number of health problems in the final years of her life, especially congestive heart failure and chronic obstructive pulmonary disease, or C.O.P.D. I think the fact that they are together and that she still says, I love you, Barbie every night is pretty remarkable, TODAY correspondent Jenna Bush Hager said Monday after it was announced that Mrs. Bush is no longer seeking treatment to prolong her life. The world was transfixed by the love letters the couple sent each other, which they never shared today. I love you, dear, with all my heart, and know that you love me means my life, former President Bush said, reading from one letter he wrote his love. George and Barbara Bush love notes revealed byFeb. 14, 20104:51: They sent letters early on their relationship when the former president was abroad with the Navy during World War II. The couple married in 1945 in Rye, New York, and later moved to Texas. They had six children, including a daughter who died of leukemia at the age of 3. Their journey also took them to the White House, where Bush 1989–1993. In George Bush's Presidential Library and Museum Collection for decades, their love remained strong. Only this month, the former first lady gushed about her husband in his alma mater alumni magazine. I'm still old and still in love with the man I married 72 years ago, she wrote in an update on her life. George Bush has given me the world, he said too. He is the best – thoughtful and loving. Barbara Bush: I'm still in love with George H.W. BushApril 4, 201800:41And the couple never feared a little PDA. Last year, former President Bush wished his wife happier birthdays on Twitter, writing: 'I'm still the luckiest man in the world. Known for her playful relationship - the former first lady once called her husband the best dishwasher in the state of Texas after she lost re-election - it seems humor may have been the secret to the Bushes' enduring love. One of the reasons I made the most important decision of my life to marry George Bush is because he made me laugh, he said in a speech at Wellesley College in 1990. It's true, sometimes we've laughed through our tears, but this shared laughter is one of our strongest connections. Find life joy because, as Ferris Bueller said on his day off, life moves pretty fast. You don't stop and look around from time to time, you don't put it on! As Valentine's Day approaches, there's always pressure to find the perfect gift. This year, surprise your favorite bookworm with one of these love stories from our guests! With four picks for Jasmine Guillory (whose new book Proposal was chosen for Reese Witherspoon's book club!), four more from Buzzfeed Books' founding editor Isaac Fitzgerald, plus three more from Savannah Guthrie, you're sure to find something they love. You could even take one up yourself to get into the Valentine's Day spirit! We should note that some of these products were independently selected TODAY anchors. Anchors are not paid to mention them and are unrelated to their brands. The products are just some of their favorite things. Guillory's Pick: Destiny's Embrace, by Beverly Jenkins, \$8, Amazon Most historical novels novels are set in England, but not this one. I also like a wonderful historical romance that's set in an unexpected place, said Guillory. This one is set in California during the Gold Rush, and features a smart and strong willful heroine, a ranch owner hero, and her delightful extended family. Best of all, this is a trilogy – fixing you perfect future gifts! Fitzgerald's Pick: The Remains of the Day, by Kazuo Ishiguro, \$11, Amazon's 'Stays of the Day' explores what happens when love is repressed, and social rules and roles take precedence over their innermost feelings, Fitzgerald. While its placid surface may fool you at first, this novel is utterly devastating - in fact, even more so by its characters trying to hide. Savannah's Pick: Pride and Prejudice, and Jane Austen, \$7, Amazon Who Can Stand Up for the Timeless Story of Elizabeth Bennet and Mr. Darcy. This Jane Austen classic takes you back to the era of courtships and

corsets for a love story that reminds us not to judge a book on its cover. Savannah's Pick: The Night You Were Born, Nancy Tillman, \$7, Amazon For Savannah, the biggest modern love story is that between a parent and a child. That's why she chose this lovely children's book by Nancy Tillman Guillory's Pick: Kiss The Quotient, Helen Hoang, \$10, an AmazonA novel that delves into topical questions - what else could be asked? It's an example of just a great novel, said Guillory. It delves into race and gender and class issues, it deals with autism and how people relate to each other, and it's also a fantastic love story and swoony endings. Fitzgerald's Pick: Just Kids, by Patti Smith, \$7, Amazon Rock star Patti Smith's memoir about her relationship with photographer Robert Mapplethorpe, would be an incredible book if it was only a gorgeous portrayal of love that was as complex as it was deep and enduring, said Fitzgerald. But Just Kids surrounds so much of itself, the glowing love of the past New York, the passing of youth, to the horrible, wonderful time in their lives before artistic ambition and passion becomes validated recognition. Guillory's Pick: Blue Castle, by L.M Montgomery, \$10, AmazonL.M Montgomery is known as Anne of Green Gables books, but this cult favorite novel tells a wonderful and heartfelt love story, said Guillory. Valancy Stirling is a lonely single woman who has spent her life being made fun of and dominated by her large family. When he turns 29, he learns that he has a heart condition and has only about a year to live; He actually decides to live that last year in his life, so he proposes to the city's marginalized, Barney Snaitth. Their love story is cheerful, surprising and triumphant. Fitzgerald's Pick: Americanah, by Chimamanda Ngozi Adichie, \$13, Amazon Adichie explores love for all its contradictions, shows us how it can feel special and enduring, even eternal, while undergoing a huge transformation depending on what's going on in the world and where and who we are in it, said Fitzgerald in this modern classic. Savannah's Pick: Jane Eyre, by Charlotte Bronte, \$6, Amazon Part mystery, part love story, Jane Eyre was Savannah's pick for the greatest love story of all time. Guillory's Pick: Becoming, Michelle Obama, \$20, Amazon Michelle Obama's memoir is full of lessons from love. Memories of how the former first lady and her husband first in love, stories about how they kept this love healthy and alive in the face of hardship, and anecdotes about the time spent in the White House, this is the perfect book for anyone looking for heartwarming memoirs. I learned so much from him about how important it is to identify what's really important, communication, and find creative ways to compromise with your partner that can make you both happy and feel heard, said Guillory.Isaac's Pick: Tiny Beautiful Things, what Cheryl strayed from, \$10, Amazon This is a book I hand pretty much everyone who has issues of love, relationships or life in general, said Fitzgerald. As strays meet letters from readers and guide them through difficult questions, he also shares deeply personal and meaningful stories about his life.
