Sea battle 2

Sea battle is a popular and long-known game. Your bearings are to defeat your foe pillaging his boat on the battle field. In our version of the game you can choose one of four modes: Classic Russian Sea Battles. Classic mode with super weapons. The super weapon can either buy or win in a lottery. American offshore battles. It differs from the Russian Sea battles in the number of ships and compositions as well as the movement turning regulations. Salvo Fashion. In this mode the number of shots equals the number of ships remaining, meaning you can make from 1 to 5 shots in one move. You can either play locally (with a computer or another player via Wi-Fi and Bluetooth) or via Internet and other players. You can play as a guest but we recommend you sign in to save your winning record and have an opportunity to play from different devices. If you want to sign in you need to enter your email address and password. You need to enter a new password that differs from those in the mailbox mentioned in Sign in. I don't know any settlement playing mode there. What should I do? There is a help center in the game. Type the corresponding table you get the interactive explanation of how ships should be placed. If you want to receive information about these rules in this mode or that typed icon next to symbols in mode. What is a profile and why do I need it? Profile store information about you as a player. To enter the profile you need to do the following: On iPad: tap the icon with a man on the top of the screen. On iPhone: Tap the icon with your avatar in the lower corner of the screen in the web mode. In the profile you can view information about your status, rating, prizes, wins, loss, latest game statistics, info game modes, available weapon information, and comments from other users. There is also a Friend tab of the profile where you can find players you follow or would like to follow in the game. You can send them messages from this menu and see their profiles. How can I change the user? Type the current user in the profile and will offer you to change it. You can also select a new flag typing it. How can I change the name? Open the profile and tap the current name, the cursor will arrive next to it. Now you can change the name. How can I add a player to my friend's list? To add a player to your friend list you need to go to his profile and tap Add. When a player enters the game and confirms your request you become friends. What is a rank? Rank shows the level of the mastery of a particular player. Rank changes as soon as a player finds the required amount of rating score: sailor (Rating < 5000) Lieutan (Rating < 30000) Captain/Colonel (Rating Captain (Rating < 600000) Vice Admiral (Rating < 3200000) Admiral (Rating < 320000) The player uses bad or has an index What should I do? Enter this player profile and tap the exclamatory mark table on the right. In the off-the-window you should set the reasons in complaining to you. I want to write a review about a game (iPad version). Type the envelope table in the upper corner of the screen. In the menu was designed to choose Write a table review – it leads to the app profile in AppStore. There you'll be able to write a review or rate the app. I want to report on the error or write to the app developers. Type the envelope tab in the upper corner of the screen (iPad version) or the Support tab (iPhone version). In the menu that was designed to select Technical Support and in the open window you will be able to write the help service. Unfortunately, at the moment it only can do with set-up email on your device. Or you can send an email to support@kamagames.com. I forgot my password. What should I do? At the moment to recover your password you should write to the Help Center. The way you can do it is described in the previous paragraph. Requires iOS 9.0 or later. SCREEN: OUR APP REVIEW AND DESCRIPTION: The instructions in this game are very simple. You have to put your boat on the board. After that you have to attack the opponent's position with your arsenal. The features of this game that we like the most are: - You can have online battles with opponents from any part of the world. - When playing online you can chat with your opponents. - You may have a higher rank depending on your score. You can even be an admiral if you win a lot of sea battles. - There are several levels of difficulty. - You can compete against artificial intelligence. - There are global leader leaderboards in which general victories are counted. It's a very funny classic game. We reminded us the old times when we were kids. Our ApkOnline score is 8.
