really dangerous and require good control of players and their photon blasters. Both bosses will have a shield that players must break using the blasters and can move around the arena. Both are able to chase a target and use traction or harmful lasers to cause a lot of damage. Both are also able to hit multiple enemies with the first explosive laser arrows of their shoulder guns, while the latter uses their hand copies to attack from the ground and fire a circular shock wave that also affects those who use hoverboards.
