The UFC middleweight champion is a great fighter with almost every facet, but Holm's boxing plyance, as demonstrated by her destruction of Rousey, is impressive. Maybe Holm needs to stop Miesha Tate in the UFC 196 co-main event to get a bump in her ratings. The reason is that I buy the UFC to compete online, its all I do it for and what I enjoy. Now I like to run almost anyone on the list and when the overalls come closer you will see more different matchups. You still have your users who choose only the highest rated player weight class, but then also run more guys willing to run a little lower-rated guys. Now from a one-player perspective, I don't see a complaint. 3-03-2016, 6:55 PM MVP OVR: 5 Join Date: March 2009 Location: Leeds, United Kingdom Re: EA Sports UFC 2 Overall Ratings for Each Fighter Showed It Depends On How Much Ratings Matter. Most people already know this, but it still doesn't make it any less silly. I mean, what's the damage to editing ratings? Are they afraid that someone will post a video of one of their virtual fighters getting smashed and they don't want a real-life fighter getting upset about it? If so, we can already do so by reducing the difficulties. I know it's arguably the UFC is doing ... It just makes more sense to me ea doesn't want us to change than the UFC.
