As part of our action video series, we have filmed the compilation of ShelterLogic Garage-in-a-Box Roundtop Garage video. We hope it makes the configuration effortless, so you can save time and start using your ShelterLogic today! If you're still shopping and looking for a functional, easy-to-assemble garage, garage-in-a-Box Roundtop can be exactly what you're looking for. Garage-In-A-Box Roundtop is one of ShelterLogic's most popular garage units. With a strong 1-3/8in. high quality steel frame and powder coated finish, the frame is durable and built to last, built to prevent chipping, rusting and corrosion. Garage-in-a-Box also has a strong ripstop fabric cover that is 100% waterproof, so it keeps your stock completely dry. The lid has also been treated with UV treatment to protect against fading, aging and fungi accumulation. Garage-in-a-Box is ideal for watercraft, cars, snowmobiles, smaller trucks, lawn/garden equipment, car cars, motorcycles and even wood or bulk storage. Features and benefits:Garage-in-a-Box features ShelterLock stabilizers that guarantee additional stability and strengthRatchet-Tite™ tightening ensures that the connection between the lid and the door panel to the frame is a drum-tight UV cover that is handled inside and out, helps prevent aging, fungus and springyOwners are responsible for anchoring. Proper anchoring is crucial for the overall safety and longevity of ShelterLogic. Remember: During the winter months, it is important to regularly clear snow/ice from the roof of the shelter using a soft-sided instrument and remove snow/ice from outside the structure. We hope that assembling shelterLogic Garage-in-a-Box Roundtop Garage video was helpful and made assembling the structure simple and fast.
