Lightning Thief:Percy Jackson Musical Off-Broadway Promotional PosterMusicRob RokickiLyricsRob RokickiBookJoe TraczBasisThe Lightning Thief Rick RiordanPremiereJuly 21, 2014: Lucille Lortel Theatre, New York CityProductions2014 Off-Broadway2015 National Tour2017 Off-Broadway revival of 2019 Broadway's The Lightning Thief: The Percy Jackson Musical is a musical with music and lyrics by Rob Rokicki and a book by Joz based on the 2005 novel of the same name by Rick Riordan. It follows Percy Jackson, a teenager who discovers that he is a demigod and continues his epic quest to find Zeus' lost lightning bolt and prevent war between the Greek gods. The Muzikal backdrop was originally introduced on New York City Off-Broadway at Theatreworks USA's Lucille Lortel Theater in 2014 as an hour-long musical, part of a series of free theaters, and continued on state visits. [1] The new version, with new scores and now-packaged scripts, expands to pretonton from March 23, 2017, and the official opening on April 4 and the final offering on May 6 at the Lucille Lortel Theatre. [2] The production has new actors, with the exception of Kristin Stokes as Annabeth Chase. The offering begins state exploration in Chicago in 2019. [excerpt required] The Lightning Thieves then played a 16-week limited run on Broadway, starting on September 20 and opening on October 16 at the Longacre Theater,[3] with the country's roaming actors tending back their roles. [4] The musical closed on Broadway on January 5, 2020, and state visits are scheduled to begin in late 2020. [5] Plot 1 Deed Percy Jackson, a 12-year-old boy with ADHD and dyslexia, was on a field trip to New York's Metropolitan Museum of Art. While there, the pre-algebra teacher succeeded him, Mrs. Dodds, asking to speak with him. Once, Lady Dodds turned to Anger, the Mythical Greek devil hades. Thanks to a pen that turned into a sword named Riptide, dumped in Percy by his Latin teacher, Mr. Brunner, Percy succeeded in offending and vacating Mrs. Dodds. After this incident, Percy was expelled from his school because he failed to live with the group, and he was already on trial. When Percy tried to explain what was going on, he was surprised to find that neither Mr. Brunner nor his good friend Grover Underwood remembered Mrs. Dodds, nor anyone else (Prologue / Day I Got Expelled). Percy said goodbye to them, and headed home for a summer vacation. Back in her apartment, her mother, Sally Jackson, seemed to understand and also forgave Percy's expulsion, while her husband, Gabe Ugliano, did not. Gabe abused Percy, and Sally claimed she needed to tell him his father, who left before Percy was born. Percy, very bitter about her father and frustrated by herself for being expelled again, lamented at her actions, which grew harder over herself. Sally assures Percy Percy quirks and abnormalities of a person is what makes them special (Strong). Sally brought Percy to the beach where she met Percy's father, and both fly to Grover. Shocking for Percy, Grover turned out to be really a martyr, a protector like a Greek goat. Suddenly, a Minotaur (half the bull, half the man) attacked the trio. Sally sacrificed herself so Percy and Grover could make it to the place she called the camp. Minotaur killed Sally right before Percy's eyes which, in her mother's grudges, finished her. Percy was kicked in the head and fell unconscious, where she dreamed of a man in a Hawaiian shirt, who gave her a seashell, claiming, What the sea-owned could always be returning (The Minotaur/The Weirdest Dream). When Percy was awake, she found herself in a place called Half-Blood Camp. The weird male shell in his dreams gave him remains in his pocket. The camp's director, Mr. D (who is actually Dionysus, the god of wine and madness), refused to explain to Percy that he was a demigod, the son of a Greek man and god (Another Day of Terrible). Mr. Brunner (who is absolutely Chiron, an immortal century), was also in the camp, and explained to Percy that the gods would send a sign to demand it. However, Percy is still skeptical and angry that her father has shown no signs of care for him over the years. Luke Castellan, Hermes' nineteen-year-old son, sympathized with Percy, telling him that many half the blood never knew their sacred parents, because they were unclaimed (Their Mark). Percy settled in and met with a few other campings such as Silena Beauregard (daughter of Aphrodite), Katie Gardner (Daughter of Demeter), Clarisse La Rue (daughter of Ares who took immediate dislike of Percy), and Annabeth Chase (daughter of Athena who looked after Percy while she was unconscious). Annabeth quickly spearheaded the leader during a flag-catching game, instructing Percy to sit down and wait in the boys' bathroom to ensure he wouldn't mess things up. Clarisse singled him out and tried to pulverize him, but the toilet unexpectedly burst on to life, using it (Put You in Your Place). After things settled down, the camps, bar Clarisse, joined around the camping fire and let go about those unsteady, and in some dangerous cases, a relationship with both their parents who were god and mortal (Campfire Song). Percy was alleged to be Poseidon's son, a sea god, and a rumoured Zeus lightning bolt was stolen and Percy was the number one suspect. Percy was told she and two others must go in an attempt to get a bolt, to prevent between the gods. He was also sent to receive a prophecy from the Oracle of Delphi. After the Oracle's prophecy, Percy was disappointed that he had to leave the Half-Blood Camp for an unsuccessful attempt, and so on, allowed his runqtan (Good Boy). Percy, however, only received a search. Luke hints that his mother will be on Underworld, the location of the search target, as Hades is a rumoured real thief. Annabeth and Grover forced themselves into the effort, and after a pair of wing shoes were given to them from Luke, all three were pushed into the woods with little care and protection (Killer Quest!). Act 2 All three questers have just escaped a bus, attacked by all three Furies. Only after blowing, they become hopelessly lost (Lost!). In a frantic decision, Percy suggested they should enter Aunty Em's Garden Gnome Emporium. The strange Auntie Em asked to photograph all three, but revealed actually was Medusa. Percy cut her head with a pen/sword, Riptide, and, as a joke, sent heads to gods via mail. Annabeth seems disappointed with this run, so while Grover reviews their surroundings, Percy confronts her about this. She confessed that for the rest of her life she was overlooked by everyone around her, and was desperate for the opportunity to prove herself to Athena, her mother, and make history books (My Big Plan). Grover returned with train tickets to St. Louis and they set off, facing many dangers such as Chimera, evil storms, some dam snacks and lotus Hotel and Casino. They also met Ares, who gave them a lift to Nevada (Drive). While on a bus trip to Los Angeles, Percy had a man's dream of talking to someone who the man referred to as a master. The powerful voice mentions sacrifice and carries a name, Thalia (The Weirdest Dream Reprise). Percy woke up with a jolt and asked Grover if she had heard of someone named Thalia. Grover seized that several years back she was sent to escorts Luke, Annabeth and Thalia Grace, Zeus's daughters, to camp out. However, the team was attacked, and Grover failed to save Thalia, who ultimately sacrificed himself, and turned into a tree that protected the boundaries of the Half-Blood Camp. He held himself responsible, and thought Percy would be ashamed of him (Tree on the Hill). Percy assured Grover that no matter who she is or what she does, Percy will always want her as a friend. The trio arrived on Underworld, where they were given horror tours by Charon and several long-dead musicians (DOA). Percy noticed that lightning bolts were hidden in her backpack, and all three worked out the possibility of how it could get there. An incident in which Percy was almost dragged to Tartarus by Shoes Luke gave her happen and the group discovered. After a brief conversation with innocent Hades, Percy withdrew shells from her pocket and realized he was from Poseidon, and he opened a portal out of the Underworld. Vowing to return to save his mother, Percy, Annabeth and Grover escaped. Percy hypothesized that Ares was the one who planted bolts in his case and came to terms with both and Poseidon, declared himself the son of Poseidon, and used his gifts with water and the help of Annabeth and Grover to the best Ares (Son of Poseidon). The trio return to the hero camp, but Percy couldn't be more troubled. He robs Luke that he feels as wrong as before, and Luke agrees, stating he feels alike after his own efforts. Luke inadvertently tells Percy that he is the true lightning thief and that he has teamed up with Kronos to return to the gods, who he believes have done it wrong (Last Day of Summer). Wounds attack Percy and escape. Percy declared that there would be a war no matter how they tried for the store, but he and his friends would be ready and do whatever it took to fight it (Carrying the Giants). [7] A deluxe version of the off-Broadway revival of the actor's album was released on December 6, 2019. The album contains 5 cut songs sung by Broadway actors. A karaoke album was also released on December 6, which contained the songs Good Kid, Killer Quest!, My Big Design, Principal On the Hill, and Bring On the Giant. [8] Lightning Thief's critical response: Percy Jackson's muzikal received positive reviews from off-Broadway critics. Fern Siegel, for The Huffington Post, praised the musical for its dialogue, story and actors, calling it a warning that Off-Broadway was an important place for musicals.[9] while Raven Snook, for Time Out, described it as worthy of gods. [10] Frank Scheck, in a review of the production for The Hollywood Reporter, wrote that the musical proves far more fun than the 2010 misbegotten film version or the 2013 sequel and also provides an excellent if unconsistered introduction to Greek myths that might persuade some children to dig deeper. [11] The offering opened on Broadway to widespread negative reviews. Jesse Green, co-chief theater critic for The New York Times, writes, he is overflowing and ill-fated, filled with sentiments he cannot espouse and the impression he should not withdraw. He criticized the offering as having all the charm of a tension headache.
