Thanks to you and good play on Rinaorc! Nice! Thanks PlayerOMayana! I'll be able to play with my friends who are cracked in SemiRP We can put a package on it and it's a sprint change? We put a package on it and there is a sprint toggle? You can put packages in the AppData folder &t; Roaming &t; TLauncher &t; resourcepacks For sprint toggle you are forced to install a mod that has this feature. so all that is pactify azlauncher we can not access the semi rp if we do not have the right versions, so that all that is pactify azlauncher we can not access semi rp if we do not have the right versions if Semi-RP comes out in 1.15 and this version is not available with your current launcher, you will not be able to play it. good bah I will try again tlauncher ^^ Sprint toggle exists on Minecraft 1.15, same for alternating sneak to all!
