Many became cynical, bluffing their way through, focusing on family interests or using their offices for financial gain. Cambridge English Corpus Citizens will then only act as a mechanism for bluffing if they are properly informed by the open media. From Cambridge English Corpus Although all are widespread across the island, all are well drained sites: rocky land behind the beach, rocky bluffs, old buildings and moraines. However, cambridge english corpus for my account night cannot be done justice to the tactical façade - bluffs, big posture and discreet evasiveness - that are so common in tournament settings. Knowing this from the English Corpus of Cambridge, reasonable victims in such circumstances would consider threats empty and call bluffs. There is also a conceptual argument about the English corps of Cambridge against bluffing threats that we consider when discussing their rationality. Cambridge Englishman Corpus Rugged the research area is characterized by small gently vibrating valleys with few small steep bluffs. However, cambridge's English corpora in an environment where states are trying to misrepresent challenges often arise when opponents seek to distinguish bluffs from real signals of preferences, power and determination signals. Cambridge English Corpus, on the other hand, the real motivation behind the legislation seems to be to block the tops of oil tanks visible to existing homes on a cliff overlooking the swamp. From the English Corps of Cambridge When the bluff failed, it is not surprising that no one seriously considered trying to carry out an anti-war general strike. Cambridge English Corpus, on the other hand, seems intuitively more likely to be impressive upstream! Cambridge's English corporal These devices inject fuel into the flame-stabilising bluff bodies upstream in the jet tube. However, cambridge English Corpus seems to have a rather complex general formulation of the problem with any bluff body. From the English Corps of Cambridge These examples come from corpora and sources online. The opinions expressed in the examples do not represent the opinion of cambridge dictionary editors or Cambridge University Press or its licensors. Licensors.
