Its context is similar to that of the medieval Arthurian period in Europe. The plot is independent, and the story is colorful! In this game, you as a warrior determined to change your destiny! There are more than 20 classes in the game, and players can experience a diverse class transfer system. And there are different ways of supporting and retaining between classes that are balanced and changeable. They are waiting for deliberation, to form the group of mercenaries, and lead the brothers to win every battle! Is it for justice, love, brotherhood or faith? They are always at stake! Of course, sometimes you can rely not only on your own strength, but also on your daily trade operations. The game also has a rich and random training system, you can cultivate a variety of successors. Not only can the characters marry and have children, but they also inherit the family's unique heritage. Let them inherit your glory and the spirit of pride! Let everything pass, from generation to generation, shing the legend of your family's immortality! Establish your own family, expand your territory, become the king of this era! I played it when it first arrived at the store and I couldn't turn off my phone. The gameplay and story is fantastic, there are some typos that have not yet been fixed, but that doesn't matter much. On another note, I bought something and it doesn't appear in my game. I tried to restore the purchase to see if it would work and didn't. Help? Dear player, please contact our customer service, he will help you.cs@seaeasgames.com I love the game, but always freezes after a good 10 minutes of play. UPDATED: I still have the game installed just because I want to know if y'all will fix the freeze/app closing problems, it's a great game, but soon I'll uninstall if it doesn't solve the problem. Dear player, What is the phone model? Every month I try to rest I no longer have those I can get some more of those Developer.
