Samurai Mask Chest and Rib Tattoo Designs The use of gray polish is excellent in this tattoo and helps create a transformation of tones that gives depth to this design. Black ink is also completely saturated, completing this effect: it seems that you can stick a finger into the eye hole of the mask. Line work is uniform and consistent and the combination of negative space to create natural waves as well as a dragonfly adds elements that contrast with the fierce grimace of the mask. This is a great example of style and is sure to turn heads This gorgeous chest piece uses a limited palette to create a gorgeous samurai mask. The grey wash, which seems to have some light blue ink mixed in, is professionally shaded, using dark tones and light to create a dynamic tattoo. The wisps of the hair fall to the face along with the petals for the impression of the wind blowing through the piece. The use of red in petals is a great example of how using deliberate and intelligent colors can allow a simple concept to transform a design, combining the brutality of these warrior masks with the subtlety of a falling flower. 5. New Wave and Neo Traditional Samurai Mask Tattoo Art This tattoo also uses a collage-like composition, combining samurai masks, traditional Japanese buildings and the lower half of women's faces to create a balanced but unorthoged tattoo. Grey washes and shadows are perfect and perfect shooting fog rolling over buildings while the limited use of red evokes images of sunrise, perhaps an ode to Japan: The land of the rising sun. Combination of subtle feminine on the mold the woman's brutality of the samurai mask adds a conceptual contrast that perfectly fits the design. This is a The owner will proudly show anytime he has the chance. 12. Tattoo sleeves black and grey Sleeves This very detailed sleeve, black and grey is a great example of a piece that combines some traditional Japanese elements into a bold design. The excellent use of glossy and completely saturated black gray creates different layers and gives the piece the feel of a well-organized collage. The combination of waves using negative space and gray wash smoke - both elements in traditional Japanese motifs - works well to tie larger design elements together and help contribute to a better overall composition. The menpo at the bottom of the piece is well done and helps balance other detailed features at the top of the design, including geisha and demons, or oni. 13. Heavy ink samurai tattoo mask 14.
