Wrecking ball lyrics gillian welch

Look boy, because I'm rollin' the rock That's what I was when I first left home I took every secret I've ever known and headed for the wall Like a wrecking ball Started on the road to sin Playin' bass under the pseudonym Rough days, and it was all pretty dim But my mind cut through it all Like a wrecking ball Oh, just a little deadhead Who's watching , who watched me just a little deadhead I won a dollar on a scholarship Well, I was tired and let my average slip Then I was a farmer in the pogonip of a weed that I remember Like a wrecking ball Met a lovesick daughter from San Joaquin She showed me the color I never saw Drinking the bottom of my canteen Then left me in the fall Like a ball Standin' there , in the morning fog A Jack & Coke at the end of my wrist I remember when we first kissed 'Although it's not there at all Like a wrecking ball Hey boy, a little deadhead Who's watching, who watched me just a little deadhead With too many problems for me to shake Oh, weather and blindin' ridin' aching high until the '89 earthquake Hit the Santa Cruz Garden Mall Like a bluedogbeads Wrecking Ball as written by Gillian Howard Welch David Todd Rawlings Lyrics © Wixen Music Publishing , Universal Music Publishing Lyric Group powered by LyricFind Add your thoughts In now to let us know what you think this song means.
