personality. Also, while it's a game about kids playing baseball, it actually has an MLB license, so it's really great and makes the game even more fun. They have the likeness of many players, but in childish form, so it's amazing. Game modes are exactly what you'd expect from a game in the Backyard Sports series. Backyard Baseball allows you to play one game. This mode allows you to change the difficulty level from tee-ball to hard. You can change shifts, bugs to select your stadium and so on. It's a great way to learn the basics of the game. You also have Season Play, which is Backyard Baseball 2001's main game mode. Here you will have your ragtag group of kids on the way to win various championships. It's a lot more fun than it should be. If you thrive here, your players may be in the Hall of Fame. Speaking of players there is a trading card book where you can learn more about different players. Backyard Baseball 2001 also had an online mode and I'm sure there is someone out there who has a server that allows you to play online. In multiplayer I would bet that this game is an absolute blast! The basic gameplay regardless of whether it is pitching, fielding or batting is very simple and plays like a 90s arcade-style baseball. It's just about fun and fun is the best way to describe it. As cartoon artistic style Backyard Baseball 2001 is great. It really looks like something that would have been on Nickelodeon in the 90s, probably between Rugrats and Rocko modern life! It has a very charming and healthy view of it and the way different stadiums look is also very well executed. Backyard Baseball 2001 is a game I've had a lot of fun with. Is this the ultimate backyard baseball game? Actually, I think I'd say that's where the series culminated. Although games would be released for the next decade on different systems. It's Backyard Baseball 2001 that people seem most kind to remember. If you're bored with games like the MLB Show and want a fun baseball game, you don't get much more fun than that. Pros: Having a glamorous Nickelodeon as an artistic style Makes great use of MLB's license Gameplay is fast and fun It's easy to learn the basics of classic arcade style baseball Cons: Season mode isn't as in-depth as modern game online mode can be hard to get to work these days News Nerd Culture Movies & TV Reviews Science & Tech Collectibles Gaming Comics Videos Store Publishers Humongous Entertainment Developers Humongous Entertainment Release Date 2000 Genre Sports Game rating 4.7/513 rating The second major edition of the Backyard Baseball series, Backyard Baseball 2001 followed by the 1997 edition of the game. The game was developed and published by Humongous Entertainment for Windows and Mac in 2000. We can have the game available for more than one platform. Backyard Baseball 2001 is currently available on the following platforms: Windows (2000) Backyard\_Baseball\_2001\_Win\_ROM\_EN.7z (292MB) How to play on Windows Download and Extract Backyard\_Baseball\_2001\_Win\_ROM\_EN.7z Open the Game Files folder and then attach the BY Baseball 2001 file.bin Double-click AutoRun.exe and then select Play. If they ask you to register, select Sign up later. The game settings should start. Follow the on-screen instructions to finish installing the game. Play More Files, Patches and Fixes inspired by Zach Kram's article in The Ringer last year, Bobby and Alex delved deeply into the history of Backyard Baseball, the kid-video-game-turned-cult-classic they grew up with. They bring on Nick Mirkovich, one of the game's co-creators, to talk about the origins of the game and its evolution over the years, and to speculate on why the game remains so entrenched in the minds of this generation. They immerse themselves in the colorful personalities of each character and remember what made the game so special in the first place. It's full of nostalgic sesh that includes real gameplay and portraits from Sunny Day, Vinnie Gooch and a single Pablo Sanchez. Subscribe to tipping pitches on Apple, Spotify, Stitcher, Google Play, Overcast, or wherever you hear podcasts. Want to play the game too and get all the memories rushing back? Here's how! On Mac:1. Download the ScummVM.2 video game emulator. Open the DMG file and drag ScummVM to the Applications folder. 3. Download Backyard Baseball 2001 here.4. After you download the ZIP file, double-click to open it. It reveals an ISO file called Backyard Baseball 2001.5. Double-click to open the ISO file. It should open a disk that looks like this.6. Create a new folder on your desktop (or wherever you remember) and call it Backyard Baseball.7. Select all the contents of the ISO drive and drag it to the folder you just created.8.
