Pixel soldiers the great war

Pixel Soldiers: The Great War – мредставлмет согог великолепную пошаговую игру длм твоего смартфона, в которог теге необходимо гудет манимат мсм мммравлением вогск во времм Мервом мировог войны. На протяжении игрового процесса, прежде всего необходимо выбрать за какую сторону ты будешь играть: Францию, Великобританию, Россию, Германию, Австрию или Османскую империю. В данной увлекательной игре ты сможешь перенестись во время с 1914 по 1918 год, где ты будешь сражаться на Западном фронте и Восточном фронте. Тебе необходимо будет высадить собственные военные силы на пляжах Галлиполи, стараясь при этом всеми возможными способами удержать достаточно важные города Верден, а также сделать все необходимое, чтобы состоялся прорыв на Сомме. Скриншоты pixel soldiers: The Great War – strategies created in the form of pixel animations that may seem simple and modest at first. But as the game shows, this is not true. In this game, you can slightly unlock the mystery of the kind of tactics used by skilled generals. The user must lead a large number of ships and soldiers. During the game, the player can learn some of the stories that took place in World War II. Because the game takes place right at this time. The gameplay applies to all leading military states, such as Russia, the United Kingdom, Germany, France, the Ottoman Empire and Austria. You can choose a country to fight for later. . The game comes with a large number of different features that translate it into exciting and interesting action. You can fight a space soldier and on land. The user must excavate trenches to hide valuable objects in forests and to protect important passes. Rating: (1 vote, 5.00/5) Kurze Einführung Licenses Pixel Soldiers: The Great War is easy to play, but difficult to master a turn-based strategy game set during World War I. You decide to command the armies of either Entente (France, Britain and Russia) or the central powers (Germany, Austria and the Ottoman Empire). You fight since 1914 from 1918 on the Western Front and the Eastern Front. You land on the beaches of Gallipoli, desperately hold or take over the important town of Verdun and try to achieve a breakthrough Similar in style to Advance Wars, Panzer General and tableware games, Pixel Soldiers is a game for warmakers and casual players. This game is the latest Pixel Soldiers game. Previous games: Pixel Soldiers: Waterloo, Pixel Soldiers: Bull Run and Pixel Soldiers: Gettysburg. BATTLES AND CAMPAIGNS *Mons *Tannenberg *Gallipoli *Verdun *Transilvania Campaign *Somme *Villers-Bretonneux (First Tank v Tank Battle in History) FEATURES: *Command your armies easily. *Difficult to master a deep strategy. *Play smart AI opponent or play on the same device against a player. *Moral system: Units that take victims can go into disruption or break and run according to their morale. *Includes Entente and Central Powers campaigns with historical scenarios throughout World War II. *Many different nations, unit types and weapons with individual uniforms. *Sandbox space (available soon) *Force the enemy into position with a stinger charge *Amphibious attacks *Create trenches *Deadly machine gun poles, heavy howitzer artillery and field weapons *Tanks! STRATEGY AND TACTICS: Use the terrain to your advantage: Keep vulnerable units behind ridges or hide them in trees. Protect vital mountain crossings, river crossings, towns and forts. Will you take your troops forward and take the initiative? Or are you going to set a defensive line, wait for reinforcements and let the enemy come to you? These and many other questions you need to ask yourself. There are many ways to win the game. Playback Tap to select a unit. Tap move or attack again! Press and hold the device, or tap on the device's description to see more information, pinch zoom in and out to get a better view. Press and hold anywhere to check the visual. These are the basic controls that will get you started. There is also a tutorial that can be used at any time. I want this game to be as good and fun as it can be, so if you have any questions or ideas, let me know! Pixel Soldiers: The Great War – translate an android-based strategy where you control troops during World War I. In this game you can choose what flag you are fighting against France, Britain, Russia, Germany, Austria or the Ottoman Empire under. In the game, you will be transported to the period 1914-1918, where you will fight on the Western Front and the Eastern Front. Drop your troops on the shores of Gallipoli and, by all means, capture and hold the important town of Verdun and try to achieve a breakthrough on the Somme. Develop a strategy to counter and conquer new positions. Pixel Soldiers: The Great War stylish Pixel Soldiers: The Great War v1.0 mode Features: Full version pixel soldiers: Grand Battle, easy to play but difficult to master the turn-based strategy game set during World War I. You decide to command the Allied army (France, Britain and Russia) or the middle powers (Germany, Austria and the Ottoman Empire). 1914 - In 1918, you fight on the Western Front and the Eastern Front. You land on the shores of Gallipoli, desperately take over or take over the town of Verdun and try to achieve a breakthrough in the Somme. This game is the latest Pixel Soldier game. Previous games: Pixel Soldiers: Waterloo, Pixel Soldiers: Bull Run and Pixel Soldiers: Gettysburg. Battles and campaigns * Mons * Tannenberg * Gallipoli * Verdun * Transylvanya campaign * Somme * Villers-Bretonneux (First tank v tank battle in history) FEATURES: * Command your armies with ease. * A deep strategy that is difficult to master. * Play against a smart AI opponent or another player on the same device. * Moral system: Accident units can be disturbed or disturbed and run according to their morale. * Includes allied and central force campaigns with historical scenarios throughout World War I. * Many different types of peoples, troops and weapons with individual uniforms. * Sandbox space (soon available) * Force the enemy from a bayone-loaded position * Amphibian attacks * Create trenches * Deadly machine gun poles, heavy howitzer artillery and field weapons * Tanks! STRATEGY AND CALENDARS: Use your country for your own benefit: Keep sensitive units behind ridges or hide them in trees. Protect vital mountain crossings, river crossings, towns and castles. Would you push your troops forward and take the initiative? Or are you going to set a defensive line, wait for reinforcements and let the enemy come to you? That's what you have to ask yourself and a lot of other questions. There are many ways to win the game. Playback Tap to select a unit. Tap move or attack again! Long press the device or tap the description of the device To get a better view, zoom in and out by controlling the line of sight Press the place for a long time. These are the basic controls you need to get started. There is a video tutorial that is available at any time. I want this game to be as good and fun as possible. I know how to email me about
