In it, gladiators fight each other very hard, not following any rules. But the fact is that these matches are scripted, which is only for performance. Nevertheless, WWE continues to give viewers excitement, drama, for which viewers seem to watch an action movie. This show brought together the world's top martial artists such as Seth Rollins, Roman Reigns, Ronda Rousey, ... With the two main shows of this program, RAW and SmackDown attracted huge audiences worldwide and brought in more than \$1 billion each year. Inspired by WWE, MDickie developed Wrestling Revolution 3D, an exciting and dramatic action fighting game. Do you like the WWE game show on television? Would you like to join this once? With a brand new version, this game will surely please fans of sports games, especially wrestling. Meet WWEComeing superstars to Wrestling Revolution 3D you'll come across famous names from many programs like RAW, SmackDown or even NXT. This game is its own world-famous superstars such as Angel Dust, Monty Python, Demento, Danny Might, etc. With the large number of characters the game offers, it will certainly excite you and want to start collecting famous wrestlers. But before you do this, you should also take into account the character statistics to make decisions about whether or not to include them in the squad. Because the character statistics are not exactly the same as in real life and are reasonably balanced so you can train them as a real coach. ModesThere are two modes of the game that can be selected, which include the method of exercise and the way of competing. Like other classic wrestling games, Wrestling Revolution 3D allows players to select a character and then select an opponent for the upcoming match. Before starting, players can customize the arena according to their wishes (turn off the shadow, reduce crowd details, set arena size limits, enable/disable the referee). All the player sees is an American stadium and a wrestling arena. tough opponents and gradually climbing the ranks to become the world's top fighter. The training mode will change the perspective of the character. Players are free to change by clicking on the sides of the menu. The advice for those new to Wrestling Revolution 3D is to choose a training method first to familiarize them with the environment of WWE competitions as well as continue their practical fighting skills. You may not know, WWE Mayhem is also a very interesting wrestling game. GameplayWrestling Revolution 3D has a similar gameplay to other games of the same genre. In which players will participate in 1vs1 battles in the ring. Control characters by using the virtual buttons displayed on the screen. Specifically, up/down/right/left keys to move the character. The A/G/R/P/T keys help the character perform attacks, wrestle, pick something up and throw it at the opponent. Raising your opponent and wrestling him to the ground, for concerning him unable to move with a lock on his neck, take him off with a kick and make him unconscious. Even when you're playing, you can make fun of the referee going crazy. Change the perspective of a character by clicking the eye icon (in the right corner of the screen). Pause the camera angle by clicking the Watch icon. Although the basic controls are the same, each character has a different skill set, suitable for each character's style. GraphicsWrestling Revolution 3D has extremely beautiful 3D graphics. The characters are simulated as real people, and not only that, the scenes that use wrestling skills are also very well done. Sound is a plus point that makes matches more realistic, the voice of the referee or character is also very well thought out. When you beat your opponent, you will hear a

standing ovation and a standing ovation and his name resonated in the stands. MOD APK version of Wrestling Revolution 3DMOD featuresUnlocked All: Unlock all game features.
