(Epsilon or the Company) (NASDAQ: EPSN) today announced that the Board of Directors has authorized the repurchases of up to 1,193,000 outstanding common shares, representing 5% of Epsilon's outstanding common shares, in accordance with the offer of normal course issuers, during the one-year period beginning January 1, 2021. This program will expire on December 31, 2021 unless the maximum number of common shares purchased before then or Epsilon provides early termination notice. Repurchases may be made at management's discretion from time to time through the Nasdaq Global Market facility. To Epsilon's knowledge, there were no directors, senior officers or Other Epsilon intends to sell common shares under the offer of a normal course issuer. However, a sale by such person through the Nasdaq Global Market facility may occur if the person's personal circumstances change or that person makes a decision not related to this repurchases.
