Contents [ShowHide]If you have experienced an early period of computer technology in legendary games such as Alien Shooter, Chicken Invaders, ... these are beautiful memories you will never forget. Today, I will help you once again return to your childhood familiar game, but a whole new version. Experience Galaxy Attack: alien shooter onesoft publisher. This is an upgraded version of the legendary Chicken Invaders game. Still based on the old platform, but this version has many visual and gameplay improvements. Plotgalaxy Attack: Alien shooter is the fantasy world of the future of the earth. As the technology becomes very modern, people can easily navigate and explore space with a new spacecraft. But it is followed by immeasurable threats about alien beings. They have a conspiracy to conquer the Earth and turn people into slaves to them. Therefore, the important task is assigned to you. Avoid invasion space for foreigners. All you have is to fight a spacecraft that will be used to destroy all enemies and bring peace to mankind. Only you can protect Earth and the galaxy from alien monsters. GameplayAs mentioned above, the gameplay is similar to the legendary game Chicken Invaders. This means that you only need to touch the screen to move and destroy the enemy weapon in the spacecraft. In addition, do not forget to collect upgrade points and change your weapons. About gameplay, Galaxy Attack: Alien Shooter is not too complicated and difficult to control. All you have to do is provide a sensible strategy, an effective way to avoid the need to die several times. But simple control doesn't mean you can easily win. Your enemies are aliens. They are very strong, aggressive and increasingly overcrowded. In addition, the space environment is dangerous and difficult to control with humans, even if modern technologies exist. Therefore, in addition to fighting smart and brave, in the process of fighting, you must also collect the spoils that fall on the enemy. It will help you with a lot of updating of firepower or will give you benefits such as heal, shield, ... To unlock the new spacecraft In addition to updating the firepower in combat, your weapons may deal with greater damage if you upgrade. Each weapon has a certain level of upgrade to provide combat efficiency. In addition to Galaxy Attack: Alien Shooter offers you a new and more modern spacecraft. Each of them has a different fighting style and can be upgraded to maximize power. But to upgrade and unlock them, you have to spend a lot of coins. It is worth noting that no matter how strong your spacecraft is, your spacecraft can be destroyed if it collides with enemies. Sometimes getting too many bullets from the enemy also makes the ship evaporate. MissionsGalaxy Attack: The alien shooter will give you a number of missions. Contains more than 160 levels of countless intense battles. In addition to overs overcome each level, you have to beat the boss. These are super-giant spaceships with extremely dangerous weapons. However, it is the boss battles that are to highlight and bring the attraction to the players. In addition to playing enemies, the game has some levels that allow you to show your dodging skills. A comet in the rain, where you have to sail your ship skillfully if you want to survive. There are many exciting and very complex missions. After each mission is completed, you can get lots of coins and upgrade items such as laser guns or cannons, etc. GraphicsGalaxy Attack: Alien Shooter brings graphics of extremely quality images optimized for both tablets and mobile devices. Super classic battles in space reproduce in the most realistic and vivid way. In addition, battleships are also super cool, with advanced weapons. Sound makes battles more attractive than ever.
