Save the ball brothers from the slaves of Red Ball 4. This side scrolling platform game has you bouncing through continuous checkpoint adventures to stop evil minions rolling, jumping, turning world squares. Control momentum, avoid obstacles and solve puzzles! Red Ball 4 is a light brain teasing puzzle platform game for extra challenges. Controlling the momentum of the ball requires sharp judgment and accuracy, and you have to master it to navigate various obstacles and destroy evil squares. As you progress through checkpoints, your obstacles, puzzles, enemies are stronger. As you roll deeper into the game, you can meet new environments in forests and jungles in secret labs with matching excellent music. You have to fight epic bosses and avoid deadly traps in pools of water with lasers and bombs. In total, there are 75 levels in Red Ball Adventure! More ball games so which ball game has similar mechanics to Red Ball 4? There are several games where you use your judgment and accuracy skills to control the ball. Similar ball games include: Crazy Roll 3D - Roll through endless 3D worlds at extreme speeds. See more ball games. Red Ball Game Red Ball 4: Volume 1 is part of a broadly popular game series by FDG Entertainment. If you have mastered this game, then go to Game Red Ball 4 Volume 2 and Red Ball 4 Volume 3. Developer FDG Entertainment is the developer of Red Ball 4. Release date July 2014 platform web browser Android Apple iOS using the arrow keys to control the ball. More games like Red Ball 4 and Vol 4 if you've been a gamer for a long time, then surely you've had many platformer-based games in your gaming life. If you haven't, you're not a true gamer. Platform games are the type of games where 2D platforms and player-controlled characters or player characters exist, and these player characters must be crossed across this platform to reach checkpoints East Sea destination. While traveling across the platform, there will be some obstacles that interfere with the player's gameplay. Players can jump and duck various obstacles placed across the platform. Sometimes players need to plan a jump because of the gap between the platform on which they are currently standing and the next. Players can also generally collect power-ups or coins to earn achievements or strengthen their characters. The platform has enemies and in general, in addition to removing them, the player must jump on the enemy. The first platformer game can be traced back to 1981! In 1981, the famous Donkey Kong was released by Nintendo, and there have been many platformer games that have since been released on PCs, smartphones and consoles. There Too many platformer games counted out there. But some of the famous titles are Mario Series, Limbo, Super Meat Boy, Donkey Kong, Crash Bandicut, Duck and Blind Forest and Sonic. But there are so many games to explore! Today we will talk about the fourth installment of the series, a platformer game called Red Ball 4. The first red ball came in 2008, and six years later, the red ball 4 came out. Here's a look at the game's features. Red Ball 4 MOD APK Functional Led Ball 4Size55MB PlatformAndroidydfordFDG Entertainment GMBH & Co. The colors and themes of KG Rating4.4Playstore LinkDownload HereGraphics Red Ball 4 are bright and attractive. The characters show different facial expressions in different situations in the game. Enemies don't look hostile at all in the game. It has a very cartoonish look to it. So, this game is obviously kid friendly and suitable for all ages. Red Ball 4 gameplay The world of this game consists of two races, a red ball and a metal square. Red balls live in harmony and very peaceful, on the other hand, metal squares are bad people who want to get rid of red balls. Metal Square's evil plan is to hijack the entire race and put them through the machine and turn them into squares. So, it depends on your character, red ball, to beat different bosses, progress through each level and save your race and earth. Like all platform games, the red ball can move across the platform and roll, jump and bounce. You cross across the map, get on higher platforms, jump, avoid traps, overcome gaps and bounce on metal squares to eliminate them. During your journey, there are stars that you need to collect along the way to fill the lines. There are many obstacles and traps to avoid and avoid smoothly. As you progress through each level, the terrain or environment changes. There are a limited number of lives. You get five sets of three minds in the game. So it took a total of 15 lives. If you lose them all, you will have to wait to get them all back. You can also customize your character and apply other skins, such as soccer. Level 75 levels and levels are distributed wisely and you have to fight boss battles at the end of each volume. Vol 1: Level 1-15Vol 2: Level 16-30Vol 3: Level 31-45 Vol 4: The remaining levels at level 46-60 are bonus levels! Mod Apk allows you to get a premium version of the game for free. That removes ads and gives you an unlimited number of lives. Download the download link and download the Red Ball 4 MOD APK step install the source version. Click Download and wait for Red Ball 4 .apk can download it. Download RedBall 4 Mode APK can be saved to one of the download files Memory or SD card. Install the APK file on the device by allowing unknown application permissions first. The previous steps are necessary to install third-party applications without problems. After that, go back to the download folder and open red ball 4 mode APK and enjoy. Bottom line if you are a platformer type game fan, this game is for you. It is very comfortable but can be frustrating in no time. So, waste a minute and download Red Ball 4 and follow the steps to enjoy! Use the arrow keys to move the red ball through each level. Roll through obstacles and collect stars along the way, but watch out for the bad guy! Use the maximum arrow keys to jump out and take out your enemies. Red ball tips, watch out for water. Red balls can't swim, so you have to be fast and cunning when trying to cross the body of water! When given the opportunity, it serves as a stepping stone by pushing objects into the water, but you have to do it quickly! The rock is stable, but the box floats. Use a combination of rolling and jumping to keep the ball afloat. Maintain balance. The red ball keeps rolling, but sometimes it can be dangerous. You can avoid water by still keeping the ball while on a high platform or quickly alternating between the left and right arrow keys. It will help the red ball teeter keep the balance on that tricky platform. Reach the stars. Collect all the stars as you pass through obstacles! The more stars you have, the more points you'll eventually earn. You'll also find that there are some achievements you can reach as you pass the level. Use ramps for higher jumps. When you reach the end of the hill, press the up arrow key. Firing the ball in a timely manner will give you more air when jumping. This can be helpful when trying to reach distant stars or land on tall platforms. Red Ball teaches you Red Ball 4 is a game that requires skill and patience. Playing red ball games can help raise spatial awareness. Who can save this world from evil square invaders unless you're an old Red Ball hero? This time, an online friend arrives at the space station and fight the enemy in space. Developers have replaced their usual green and cheerful backgrounds with dark, threatening paintings. The red ball must avoid traps and pass through dangerous routing to fight square soldiers. Each level of level 15 of Battle for the Moon requires focus and logic. The game is not only about having a quick and big response: here you have to think a lot and find decisions about anxiety work. The entertainment is loved by thousands of players worldwide. Children and adults of all ages play it when they have free time or are looking for fun. Why don't you try as well? Well?
