But since the election of pro wrestler turned politician Mike Haggar as the new mayor, Metro City was changed and cleaned up drastically. During his run, Haggar managed to suppress the crime of the city to its lowest points. While the citizens of Metro City were grateful for Haggar's hard work in stemming crime, a gang, the Mad Gear gang, wouldn't go down so easily. Led by the crooked businessman, Belger, the group tried to bribe Haggar with a big payoff to keep him from going after them,which Haggar denied. Mad Gear responded by abducting her daughter, Jessica, and causing further unrest among the city's citizens. When Haggar found out about his daughter's abduction, he became enraged and decides to take his fight against Mad Gear to a personal level. Seeking Labor, Haggar recruits Cody Travers, an expert fighter and Jessica's girlfriend, as well as Guy, a ninja in training and Cody's good friend. Together, the three dedicate themselves to the complete extermination of the Mad Gear gang, as well as a safe rescue of Jessica from their clutches.
