And that's what awaits you in Battlelands Royale: In this casual shooter, you have three core tasks. These are the sounds of landing, looting and survival. Once you've secured a landing spot, it's all about exploring the area. Battlelands Royale free playAction is guaranteed, as you fight in entertaining fights with 32 other players at different levels. It seems familiar to you? Yes, Fortnite sends greetings! Find weapons and ammunition to survive. Of course, the only thing in the game is to Last to stay alive. It sounds like a cruel game but please look at the graphics! You want to know how to control the game? The right (virtual) joystick allows you to aim and shoot - automatic shots are also required. With the left joystick, you move your own game hero. Speaking of hero: Choose a character and customize it. The more matches you win, the more you can make and adapt the hero uniquely. That's not what I look like - but in the game at the moment. Well, winners somehow look different, always check out your stats (noteworthy via the bar at the bottom of the game). Here you will learn all about your total skills, dual skills, total achievements, collected weapons or even your inventory dependencies. But think of a good one because once it's forgiven, it can't be changed. As always, I'm called Mahjon (and I'll get the addition of #6326 in the game), but I'm still a guy. It's funny that there are no fighters to choose from. Once you're done with your styling and you're very fast because there aren't many adjustments possible at the start of the game, you'll automatically land on new terrain after a parachute jump. Fitting your heroes and gear into Battleland Royals While playing, you can unlock custom content such as parachutes, emotes and special sheets by collecting experience points (XP for short) and rising to the level. Join Club Royale to earn even more rewards and make your fellow fighters pale with envy. You look at the field from a bird-eyed view with rare and legendary characters fearing in the hearts of your enemies, so they tremble and wish they had stayed at home. Fight them on a large map with grandse places like the ship, the labyrinth and the train depot. Here you can find the appropriate version of the game. With the help of weapons selection, you can improve your shooting skills and become the best fighter in the city. What will be your favorite weapon? The sniper gun that has a good fire rate? The shotgun that could do less harm than an assault rifle? Or the gun? iOS players get the game here. Don't neglect the offer deliveries to get a chance at the special minigun and the bazooka!
