Description of the gameTotal conquest. Lead the Roman Empire, form an army, rule and defend your lands. Features of the game:Epic Battles10 different unitsFight with players from around the world The opportunity to invite friends from facebookgame center achievementsLat the gameLater a complete conquest descriptionTotal conquest. Lead the Roman Empire, form an army, rule and defend your lands. Game Features:Epic Battles10 Different UnitsFight with Players Around the World The opportunity to invite friends from FacebookGame Center achievementsRatingDownload Total conquest Total Conquest is a military strategy game in the style of clash of clans or Clash of Lords. The winning formulaTotal Conquest offers little new to the game compared to the aforementioned games of the same genre. You have to build an army and send troops to fight to loot things and coins that you can then redeem to build your city. There's plenty to keep you busy, such as building and maintaining villas, farms, temples, gold warehouses and tower defenses. Not to mention training soldiers, hiring architects to speed up construction projects and recruiting diplomats at City Hall. As your city grows, so will your wealth and military might - making it easier for armies and cities to be brought to the ground. Total Conquest is a free game with in-app purchase. Tokens are needed to build faster or access certain materials. Playing Total Conquest is very addictive and it's the kind of game like other gameloft titles like Ice Age Village or Epic that you want to go back day after day to pursue world dosing in the Roman era. Total Conquest also has an online element. In addition to one player's promotional status, you can fight others online, join legions with other players, and compare points at Game Center.Command and Your troops and build your city in Total Conquest is pretty straightforward even if you haven't played a game like this before. When you start the game, you'll be walked. Let's walk, all the different options and menus that give you a feel for how you fight, build and update. The main game area is clearly presented and you can easily see everything that happens in cities. To zoom in, pinch and zoom out, then slide the screen up and down with two fingers to change the viewing angle. Cartoon civilizationAs you can expect gameloft title, production values total conquest are excellent. The switch screens are beautifully rendered, the level of detail in ancient worlds is spotless and gentle musical scoring does not irritate. The gaming world is designed in a comic book style that may not appeal to some, but it's undeniably appealing and colorful. Verdict If you like military strategy games, especially if you are interested in ancient Rome, Total Conquest is worth a look. Online battle and strategy Games iPhone App Call a call to fight and join legions of players online in the battle for control of the Roman Empire!
