I paid the original text twist and love it so I'm very happy to find the second version available again after losing track of it. It's quite a challenge to keep you coming back. I highly recommend! -Gamifules Customer Review: Mcneela twist sgame detail as you shuffle the letters to make three new game ways and words in your two. Find the word that uses all the letters of fastass as you can in arbitrary lightning mode, complete a puzzle puzzle using a limited number of characters in puzzle mode, or try the new daily challenge in the word of day mode. To find 25,000 words, amazing new graphics, and almost infinite family jokes, text twist 2 is a must-have word for game fans. Further customer reviews I try to guess 6 letter words and then try filling in others before time. Some words are simple but with the letters we have tatted, they are hard to find out. You can't just guess the 6 letter word how to try to see many levels. -Inag85 I love this game! It always made me know how many words I don't know. I never actually see their praises! Graphics are simple and clean. It's worth the money to buy it. -Kusofato I absolutely love it! I became this game Mesmeridand and just can't stop. It's addiction-maybe a lot of addiction. I'm glad I GameFools.com downloaded it. I had no problem downloading, while I tried to buy it from a different site and download it, I had many problems. Thanks Gamifules! -sbiu I have paid this game and for years. Sometimes I go to bed and realize that I didn't play that day and I back up I'll. This is also my go-to thing I can't sleep. Keep up the good work! -ditty8888 text twist 2 is perfect for word building for people of all age. It's hard and fun. -bubbleh1 I have always enjoyed this game, but for some time was running the online version. Long words in the full version can be very difficult! With most games, the more you play the better the brain gets in solving them. -deltalady23 my husband and I love this game. We are challenging and enjoy a lot that we don't usually use in every day of ours. We love all text twist games so they're coming! -In Willesandoval I recently downloaded and GameFools.com text in the text turn 2. I Really enjoyed this game. There are several ways to choose (ending, non-ending, etc.) and each of them was fun as the next. The game starts easy but then gets really hard as you go along. I immediately got swayed on this game. With different ways, you can challenge with eliminating your self (which is always interesting) or finish (which is my favorite) depending on how intense you have to play. I'd recommend this game for anyone who's been looking for fun for hours. I'm addicted! - kerncock777 keeps me busy and good for my old mind. -emj2373 is a wonderful game for hours and hours of fun. Worth every pen. -Was used to get used to text twists about 7 years in Robertalaundrock. Then I tried text turn 2. Now I am used to it. . I get confused because of diabetes and my mind is right in this game. I love it! -eldercare\_kimberly text twist 2 in the first place! It keeps my mind quite sharp which is important. I want that on the higher level, especially in puzzle games. This is the first game I go to every morning. -Issie1953 has paid text twist 2 every day for the year. Great brain workout to start your day. 5 stars rate for sure. -They think text twist 2 is a very difficult and ananda dagame. I want to play it every day and night! -Callicohen Show 11 More user reviews How to move flash for a step-by-step guide, please see our Questions page.
