Mine survival hack

Adventure Adventure / Simulation role adventure playing Mine Survival mod apk (free shop) for android - this is an exciting new survival, in which the main character will have to survive in the conditions of a zombie apocalypse. After the dangerous virus spread, almost all people became cruel and insensitive creatures who are willing to kill their character at any time. Under these conditions, absolutely all stores stopped working, and with factories and other companies, so anything that is only useful can be useful for survival. Many more useful resources can be found in abandoned cities, and forests are filled with nutritious berries and fruits. However, the hero can craft how on the last day – to create your tools, improve skills and gain valuable experience. You, like anyone else, need water and food, so it is essential to control the indicators at the top of the screen, in time to meet the character's needs. Well, you have to forget about a significant predictor of body temperature. If the hero walks away from the fire in the snowy weather or is wounded by the enemy, he will get sick. It is necessary as soon as possible to go looking for medication or make your own. In addition to valuable materials, the survivor can collect money. They can be found scattered around locations, or received to complete multiple tasks. This version of Mine Survival mod apk is hacked for money, so you can immediately arm it with the best weapons and put on the highest quality armor. Fighting zombies isn't that easy, so you need a proper shelter, always with everything you need – storage and tools.
