Thank you for playing Strawberry Shortcake Food Fair Since I started playing this game, there have been many !!! It's also really annoying that you have to pay 🍷, to buy anything really like everything, buy all kitchen tools and buy different things to cook 🍷 or than just the itty bitty fruit pie 🍰!!! They also make you tempted to buy them like raspberry torts knife cuts really smooth and use 🍷 jam icing pen for even smaller details!!! 🍰🍰🍰🍰 The reason I ***** it is because it's really exciting to do the recipes and see what people want plus decorate the food booth !!! 🍰 but then you can just decorate the itty bitty fruit pie 🍰 🍰!!! Really fun to decorate the recipes, but trust me, it'll be way to be tempting for kids 7 or 8 !!! Although these are my top three favorite games, !!! 🍰🍰🍰🍰 If you love or cook 🍷 or want to learn how to cook 🍰 🍰 and are 8 or over , this is the game for you I would recommend it to anyone 8 or more !!! 🍰🍰🍰 I love 🍷!!!! 🍰I don't suffer any time !!! 🍰🍰By Meghan lily xxxP.S Get better upgrades to 🍰 🍰Bye bye 🍰 xxx So annoying gives you just one thing to make🍰🍰🍰leaction makes the purchases cheaper! I would recommend just if the prices were lower don't get this game too expensive I really love this app, but I wish that you didn't have to pay for things. I might as well delete it. It's the same with all the other Budge programs. I mean, I know that's how they get money, but I don't care. I want to be able to play things I don't have to pay for, as opposed to this app. The developer, Budge Studios, did not provide details about its privacy practices and handling data to Apple.
