Note: ★ true contact caller ID requires a network connection.★ If no network connection is available, calls are identified after the call is complete. If you are happy to use true contact - Smart Caller ID - do not hesitate to rate us! Why am I getting so many scam and spam calls now? According to Hiya's analysis, spam calls increased to 54.6 billion in 2019, an increase of 108% from the previous year. The Hiya app identifies the calls you want to receive and blocks the numbers you want to avoid. And Hiya Connect helps legitimate businesses identify and authenticate calls, so wanted business calls aren't blocked. Blocked.
